Interchange Work Blamed for Recent Traffic Congestion, Relief Sought

Declaring that westbound morning commute traffic congestion "has gone from bad to worse" since installation of temporary signals at the Orinda Interchange construction project, Secretary Ray Crist of the Lafayette Improvement Association announced yesterday that he is attempting to organize areawide action to alleviate traffic tieups.

"In addition to bringing the problem to President Oliver Hamlin so that it can be placed on the agenda of the Lafayette Improvement Association's October 13 meeting at Town Hall, I intend to phone Chairman Charles Nelson of the Diablo Highway Improvement Federation," Crist said.

"I will ask Nelson if his organization can initiate a movement among all interested groups between Orinda and Concord to correct the situation.

"I BELIEVE A meeting should be arranged with B. W. Booker, assistant state highway engineer in charge of the State Division of Highways district office in San Francisco, to try to work out some kind of immediate relief."

Crist stated that he hopes that, in addition to the Lafayette Improvement Association and the Diablo Highway Improvement Federation, organizations which will be among those interested will be the Contra Costa County Commuters Association, Lafayette Chamber of Commerce, Orinda Association, Orinda Chamber of Commerce, Walnut Creek Area Chamber of Commerce, Pleasant Hill Civic Council and Mt. Diablo Area Junior Chamber of Commerce.

"Between 7 and 8:15 a.m. on weekdays the average time it takes to get to downtown Oakland from the Moraga Road signal in Lafayette is now an hour," Crist said.

"OVER 50 PER CENT of that time is spent in getting to Orinda Crossroads.

"Cars in the two westbound lanes are usually backed up all the way to El Nido."

Crist reported that on Wednesday morning a state highway patrolman was directing traffic at the Orinda signal. The signal was set on yellow-flashing warning, he said.

"I think it would be a good idea for two patrolmen to be assigned there between 7:15 and 8:15 a.m. to direct traffic, and to give Mt. Diablo Boulevard through-traffic a 'longer shot,' " Crist observed.

Delayed Action Leaves T & D In Low Spirits

The 1948 Buick of Mrs. L. T. Gease of 383 Camino Sobrante was quietly parked at the curb in front of Black's Super Market early last Tuesday morning between 8:30 and 9 o'clock when things started to happen fast.

A delivery truck from Christiansen Trucking Co. attempted to turn into the service driveway of Black's and caught the rear of Mrs. Gease's Buick, pushing it into the front corner window of the market.

The plate glass was broken and the window display for T & D Liquor department was damaged, although not a bottle of liquor was tipped over, that is until some 5 to 10 minutes later when a distributor's salesman rushed in to ask what happened, and knocked over and broke a bottle of liquor in the store.

John Baldwin to Speak Tuesday

John Baldwin, congressional candidate from the Sixth District, will speak to all Orinda Republican precinct chairmen and their workers Tuesday at 10 a.m. in the home of Mr .and Mrs. Lindsey Spight of 135 Orinda Highway.

Mrs. M. H. Fowler, precinct chairman of the Orinda Republican Women's Club, urges all precinct people to take this opportunity to meet Mr. Baldwin and hear his views on the important work to be done before and on the November 2 election day.

Coffee and snacks will be served.

On Monday presidents and precinct chairmen of all county Republican women's clubs will hold an all-day meeting at the home of Mrs. Thomas Barrows of 59 Southwood Drive.

Mrs. Barrows is president of the Orinda Republican Women's Club and county precinct chairman.

Voter Registration Up Almost 8000

Almost 8000 more persons, about 5500 Democrats, 2500 Republicans, are registered to vote in the November general elections than there were for the June Primary.

The total is now 158,667, compared to 150,858 in June and 158,447 in the presidential election two years ago, according to County Clerk Walter T. Paasch.

The present registration includes 95,399 Democrats, 58,747 Republicans, 25 Socialists, 19 Prohibitionists, 5 Progressives, 1 Communist, 1 Socialist Laborite, 175 Independent Progressives and 4355 who declined to state political affiliation.

In the June primary 89,928 Democrats were registered as against 56,402 Republicans.

Traffic Increase Alarms Commuters

Heavy increases in highway traffic the last few weeks are making both bus and auto commuters on Mt. Diablo Boulevard sit up and take notice.

Concerned at the close approach to traffic saturation, both the Contra Costa County Commuters Association and Pacific Greyhound Lines officials are watching the situation carefully.

Association President John E. McKirahan and Service Committee Chairman A. R. Weatherbe stated they are receiving full cooperation from Greyhound, which is making spot checks to determine quickly whether more service may be needed under the agreed load standard.

THE MOST RECENT check, September 23, still showed fewer passengers than seats available but the creeping highway traffic slowed down the buses badly and left passengers waiting for half an hour or more at some stations.

"Effective adjustment of schedules to fit traffic patterns is more difficult than just adding more service," said Wetherbe, "But it will have to be done, and soon."

Commuters generally observed that Orinda is no longer the major cause of slow highway traffic. It seems to most of them that the Lafayette and Acalanes junction signal lights are greater obtsacles than the Orinda crossing, even though construction of the overpass is far from completed.

THE ANNUAL MEETING of association members has been set for October 12, at Acalanes High School, with a full program planned. A guest speaker, expected to confirm the invitation next week, would highlight the program.

The various commuter committees will report on their work during the past year and eight members of the board of directors will be elected for a term of two years.

Regular postcard notices are being mailed to all members; a special bulletin will be passed out on the buses, and all interested neighbors are also invite dto attend the meeting.

Mothers Club Member Drive Starts Monday

Monday will see the start of the annual Mothers Club drive for membership.

In the past, Orinda has been exceptionally successful in attaining nearly a 100 per cent membership, according to Mrs. Harry Minor, membership chairman for the district, who has her plans laid for the drive.

Mrs. Minor stated that prizes will be awarded to every class that gets 100 per cent membership the first week of the drive.

For all classes, kindergarten through sixth, each child whose class attains 100 per cent will receive a pencil with the name of their school.

For each student in the 7th and 8th grades whose class has a 100 per cent membership, a ten cent allowance will be made to go toward the purchase of records for their dances.

Prizes will be awarded on the basis of 100 per cent membership at the end of the first week of the drive only, Mrs. Minor stressed.

Assisting Mrs. Minor in the drive are Mesdames Robert Smith and Carlton Rogers, area chairmen for Glorietta School; Douglas Adie and John Cartwright, area chairmen for Del Rey School; E. J. Phair and J. W. Neighbor, area chairmen for Sleepy Hollow School, and Mario Albo and R. F. Wiseman from Orinda School.

Youth Will See Vocation Movie

"How do I choose a vocation?" is the title of a movie to be shown during the Pilgrim Fellowship meeting Sunday at the Orinda Community Church. The same subject will be the topic for discussion later in buzz groups.

Pilgrim Fellowship, for young people of high school age, meets each Sunday evening from 6:45 until 9 o'clock. Under the leadership of Ray and Jackie Welles, the group has increased steadily in enthusiasm and accomplishment.

The average attendance during September has been recorded at from 65 to 70.

During the worship service next Sunday evening, incoming freshmen and other new members will be received into the Pilgrim Fellowship.

The P. F. rally for the East Bay area will be held at San Lorenzo in the afternoon and evening of October 10. Ray Welles will be keynote speaker.

Because of the rally, no meeting of the P. F. will be held at Orinda on October 10.

Two Injured At Crossroads

Leon Cavasso, 73, Piedmont resident and an executive of the Jones-Thierbach Company of San Francisco, suffered multiple injuries in an auto accident off the ramp of Mt. Diablo Boulevard near the Orinda Crossroads last Friday afternoon at 3:10 p.m.

Taken to Providence Hospital in Oakland, Cavasso was treated for multiple injuries and confined to the hospital, while Leonard Woolams, 67, of San Francisco, general manager of the Jones-Thierbach Company, suffered cuts, shock and injuries to the head. He was released following treatment.

Officers believe the car in which the two were driving was forced off the highway from the rear by a truck.

Last minute details of booth construction, cake baking and prize assembling are now under way among members of the Orinda Community Church, who will hold their gala Fall Festival tomorrow afternoon commencing at 1 o'clock, to last through late evening.

According to Marion Brown, chairman of the event, one and all are invited to the festival which will begin with games and prizes.

Because the bazaar opens at lunchtime, hot dogs, cotton candy, snow cones and soft drinks will be on sale.

KIDDIES WILL BE kept well occupied with pony rides, movies, a puppet show, magic show and a sale of doll clothes while mothers shop among the bazaar booths where bakery goods, cards and gift paper, white elephants and hand-made articles will be placed on sale.

Before the special evening program commences at 8 o'clock, a chuck wagon supper will be served between the hours of 5 and 7 p.m.

DANCING TO THE MUSIC of the Orindian Band will follow the evening meal and entertainment is to be furnished by the church choir, the Orindian Band, the Baguettes and the Orinda Hawaiian Dancers.

Game planning is being handled by Lucille Phelps and Jeanne Watkins; chuck wagon supper committee is headed by Millie Twining, assisted by Elsie Harmon and Jane Brobeck is coordinator of booths. Publicity chairman is Barbara Wayne.

Park Pool Ends Season Sunday

Orinda Park Pool will close for the 1954 season Sunday.

On that day the annual meeting will be held at 1 p.m. at the Park Pool. New board members will be elected for the next year and the present board will make its final reports.

An auction will be held immediately following the meeting. All articles lost and not claimed during the season will be auctioned off to the highest bidder. Charles Gibbs will officiate as auctioneer.

(In last week's SUN, date of the annual meeting was erroneously announced as October 8.)

Technical Staff Proposes Changes in Special Business District Ordinance

County Zoning Ordinance revision regarding Special Business Districts, suggested Wednesday night by the County Planning Commission's technical staff, would result in the following major changes, Principal County Planner H. Russell Griffith said yesterday:

1. Elimination of the present requirement that a Special Business District be at least 20 acres in size.

2. Allowing more than one property owner to own property in a Special Business District.

"Location and size of a Special Business District would be determined by the Planning Commission in properly planning necessary shopping facilities for an area," Griffith said.

The proposed revision states:

"WHEN A PARCEL or parcels of land is in such a location and contains an area of such a size and shape which in the opinion of the County Planning Commission is adequate to properly provide the necessary shopping facilities to serve the area, such parcel or parcels may be developed as a Special Retail Business District.

"The purpose of a Special Retail Business District is to properly provide for adequate spacing between buildings, control of bulk and height of buildings, adequate off-street parking and loading facilities, control of access and limitations of land use to insure that the development will provide shopping facilities in a planned, integrated manner."

THE PROPOSED ORDINANCE amendment provides that all uses allowed in a Retail Business District shall be allowed except:

Hotels and motels; mortuaries, cemeteries, crematorium, outdoor advertising "except when it is used for the identification of the business conducted on the same parcel," cabinet shops, lumber yards and sheet metal shops; retail sales not conducted within an enclosed building "except service stations."

CHAIRMAN JAMES HUPP of the Orinda Planning Committee said yesterday that his group will submit specific recommendations to the technical staff after conferring over the weekend with the committee's planning consultant, Francis Violich.

In continuing the public hearing to next Wednesday night, the Planning Commission last Wednesday night instructed its technical staff to study suggestions made by the Orinda Planning Committee and the Women's Planning League of Contra Costa County.

Four Directors Will Be Elected By Association

The Civic Affairs Committee of the Orinda Association, in a special meeting Monday night at Orinda School, started the ball rolling for election of four association directors.

Ballots will be mailed to members on November 3 and must be returned by November 13 in order to be counted.

Civic Affairs Chairman Tevis Thompson appointed a nominating committee consisting of Fred Fox, chairman; Mrs. T. D. Sanford and Mrs. George F. Hickok.

Various possible candidates were discussed Monday evening but no decisions were made.

The four directors whose terms expire the end of the year are President Zach Montgomery, Vice-President Nathan Gray, George Hauerken and Frank Cayting.

The new directors to be elected will take office in January.

Death Takes Sarah Friberg

Friends of Sarah V. Friberg of 29 Via Floreado were saddened at the passing of the well known Orinda resident who died last Saturday in an Oakland hospital following an illness of two years.

Mrs. Friberg is survived by her husband, Walter E. Friberg, operator of the Country Club Realty in Orinda Village. Mr. Friberg is a former president of both the Orinda Chamber of Commerce and the Orinda Lions Club.

Formerly owner of the Orinda Beauty Shop, Mrs. Friberg had been a resident of Orinda for 10 years. Although she was a native of New Jersey, she and her husband had resided in this state for the past two decades.

Funeral services were held Tuesday afternoon in the Little Chapel of the Flowers in Berkeley. Rev. Charles M. Hill of St. Stephen's Episcopal Church of Orinda officiated at the service.

Inurnment was at the Golden Gate National Cemetery in San Bruno.

Yet Another Huge Land Sale Likely: The Dollar Ranch

Sale of still another huge piece of property in the Lafayette-Walnut Creek area is likely, it was revealed today when it became known that negotiations for the 2000-acre Dollar Ranch are in progress.

Owned for some 25 years by the Dollar family, the sprawling ranch lies just south of Sun Valley, beginning with the ridge of hills along Tice Valley Road.

A source close to the Dollar family revealed today that an offer for purchase of at least a portion of the ranch has been made.

Stanley Dollar Jr. has reportedly just returned from Europe and has not yet made any decision in the matter.

If the whole ranch property is included in the deal, the sale would rank with recent purchases in Moraga by the Utah Construction Company and in San Ramon by the Warren Corporation of Los Angeles.

The source did not reveal who made the offer to purchase the Dollar property or how much land would be involved.

Over the ridge which borders the ranch on the north and east lies a valley in which Stanley Dollar Sr. and Stanley Dollar Jr. both have homes.

At present the ranch is used for raising cattle.

The family which owns the ranch is the Dollar family of the Dollar Steamship Lines and the Robert Dollar Company.

Rotary Club Entertained by Auto Fancier

Patrons of the Orinda Willows, accustomed to seeing late model automobiles gracing the parking area of the local restaurant, were somewhat surprised to spy an ancient but immaculately kept maroon colored Losier drive up to the main entrance at noontime Wednesday.

The local man who emerged from the now almost extinct brand of vehicle was G. C. (Johnny) Coffee of Happy Valley, who addressed members of the Orinda Rotary Club on his favorite subject, "Antique Chariots."

Coffee, who was introduced by Program Chairman Maynard Buehler, presented a resume of different organizations dedicated to the restoration of old cars, and spoke on some of the tours in which he has participated.

Coffee was among 70 other antique car enthusiasts who drove from Los Angeles to San Francisco recently, and participated also in a 184-car tour from Reno to Carson City to Virginia City to Tahoe.

He pointed out to interested Rotarians that prior to 1910 some 2000 car manufacturers were in existence. Only six survived.

President George Eberhart concluded the meeting with a reminder to all club members that this year is the Golden Anniversary year of the organization. He said that today Rotary Clubs can be found in 56 nations.

After-School Recreation Program Arranged for All Orinda Students

For the first time in Orinda's history, a recreation program which includes all four schools of the district has been inaugurated under the direction of Frank Isola, physical education director.

Isola said this week that the program will include excursions, directed study in bicycle safety and hunter training safety (to begin tomorrow), as well as tournaments in pingpong, marbles and jacks during the fall months. Seasonal sports will be arranged to be played on Saturdays.

The four school playgrounds involved, Orinda, Glorietta, Sleepy Hollow and Del Rey, will be open during the week and on Saturdays.

ORINDA SCHOOL playground will be open under this program Monday through Friday from 4 to 5:30 p.m. under the direction of William Hester. Ted Boyce will supervise Saturday activities which will take place from 9:30 a.m. to 3 p.m.

Sleepy Hollow School's play area will be open Monday through Saturday the same hours as those maintained by the Orinda School playground. Don Wacks will be in charge.

Glorietta School's activities field is to be open Monday through Friday from 2:30 to 4 p.m. Al Trujillo will oversee all sports during the week, and Jack Clark is to be the Saturday instructor. Clark will be in charge from 9:30 a.m. to 3 p.m.

DEL REY SCHOOL sports field is to be open from 3:30 to 5 p.m. Monday through Friday under the direction of Keith Burnham. William Gaskell will take over Saturday's duties from 9:30 a.m. to 3 p.m.

In the event that a special excursion away from Orinda is arranged, the Orinda and Glorietta playgrounds will remain open for those boys and girls who are unable to go along on the field trip.

Two hundred and thirty boys were taken to the California-San Jose State football game in Berkeley last Saturday. They were accompanied by Hester, Boyce, Wacks, Trujillo, Clark, Burnham and Gaskell.

Isola said that within the next few weeks an all-girl trip will be arranged to view Cinerama in San Francisco.

Orindans Irked By Site Plan

Dissatisfaction over progress toward creation of a Special Business District for some 25 acres along the west side of San Pablo Dam Road, between the Village and the Crossroads, snowballed last night at a joint meeting of the Orinda Association's Orinda Planning Committee and Civic Affairs Committee at Orinda Community Church.

The meeting was held as this issue of The SUN was going to press.

Chairman James Hupp of the Planning Committee reiterated what he told the County Planning Commission in Martinez Wednesday night, when the second public hearing on the proposed Special Business District opened. He said:

"WHILE SOME STEPS have been taken in the right direction regarding establishment of such a district, I personally feel that the site plan prepared by the commission's technical staff is not what Orinda deserves or wants.

"It's a compromise plan, due, I believe, to political pressure being exerted on the technical staff. It does not provide a well-planned, integrated shopping unit."

The Planning Commission continued the hearing to next Wednesday night.

Irked by the situation, Orinda Planning Committee members called attention to danger of a "gasoline alley" along San Pablo Dam Road.

They pointed to the fact that parcels have been sold by East Bay Municipal Utility District to General Petroleum Company, Standard Oil Company and Shell Oil Company, and that service stations of these firms plus the Orinda Motors station already in the Village would mean a strip of four service stations.

This fact was mentioned by Commissioner Arthur Young Wednesday night when he stated:

"THERE IS NOTHING on this map to provide the needed shopping facilities."

Young pointed out that of eight parcels on the west side of the road, three were for service stations, and that "a variety of businesses is not provided for."

Immediately prior to last night's joint meeting of his group and the Civic Affairs Committee, Hupp stated:

"WE WILL HAVE TO bring public opinion to bear on this situation. We hope that a proper sort of Special Business District will be arranged for. If not, we may ask that rezoning be held up until realignment of San Pablo Dam Road behind the Village.

"It's been my belief all the time that the area can't properly be planned until we know the route San Pablo Dam Road will follow."

Possible steps mentioned included boycotting of business firms to be established in the 25-acre section, although Hupp stressed that decision on what course to take is up the people of the community.

IN ADDITION TO the seven purchasers of property previously announced, Maynard Buehler is purchasing a 70-foot-frontage parcel just north of the Standard Oil site, for $10,500, according to EBMUD.

Buehler, an Orinda resident and a gunsight manufacturer, stated he has no immediate plans for development of the property but that he might build on it if road relocation forces him to move from his present office in the Village.

Other purchasers are John and Virginia Snow; Robert Bolman, Jack Buchter and Dr. W. M. Caygill; General Petroleum; Allen S. Klein; Charles E. and Marie K. Phillips; Standard Oil, and Shell Oil.

MITCHELL FARRAR, a member of the Orinda Planning Committee, said yesterday:

"We are faced with strip zoning, a 'gasoline alley.' We will have anything but an integrated shopping center.

"The restrictions proposed in the amendment to the present special business district ordinance are very mild. They do very little to foster the objectives for which Orinda has consistently been striving.

"There should be diversity and variety of business to serve ade-

Records for 3 Parcels Reported At Title Firms

Only three of the eight recent purchases from East Bay Municipal Utility District along the west side of San Pablo Dam Road, between the Village and the Crossroads, have been recorded at title company offices in Martinez, members of the Women's Planning League of Contra Costa County reported yesterday.

League members who inquired late yesterday at the Richmond-Martinez Title Company and the Contra Costa County Title Company stated they were informed that the deeds for parcels bought by the following were on file at both offices:

Robert Bolman, Jack Buchter and Dr. W. M. Caygill; Standard Oil Company; Shell Oil Company.

Not on file at either title company, according to the league members, were purchases by John and Virginia Snow, General Petroleum Company, Allen S. Klein, Charles E. and Marie K. Phillips and Maynard Buehler.

Voters Quash Plan To Annex Clayton Valley to CCCSD

Some 4000 acres in Clayton and Ygnacio Valleys will not be annexed to the Central Contra Costa Sanitary District, residents decided Tuesday.

After well over a year of discussion and dispute, the proposal was rejected at the polls by a vote of 1369 against annexation and 850 for annexation.

The vote represented a turn-out of just over 42 per cent of the 5260 registered voters who live in the 10-square-mile area which borders the City of Concord.

A SIMPLE MAJORITY was all that was needed for success of the measure.

Proponents of the annexation were headed by Ralph Dowell, 3312 Orchard Avenue, Concord.

They argued that the annexation to CCCSD would be the most practical and economical solution to the area's sewer problem. They held the opinion that the sewer problem should be approached on a watershed basis.

Opponents of the annexation plan, headed by R. W. Lundeen, 1254 Grove Way, Concord, chairman of Citizens for Better Community Development, claimed the area would have to help pay for CCSD improvements if it became a part of that district.

OFFICIALS OF the City of Concord also opposed the annexation on the grounds that it would strangle the city's normal growth and development.

Directors of the sanitary district initiated the annexation election upon the submission of a petition by Dowell's group. The original petition was signed by more than 2600 persons.

The possibility of the Clayton-Ygnacio annexation going through has been a factor in recent actions of the sanitary district board.

One month ago, directors voted, for example, to table a discussion of establishing a sewer use fee until after the Clayton annexation election, so that residents of that area might have their say in the matter if they decided to annex.

United Crusade Starts Tuesday, 1000 Volunteers Ready to Canvass Locally

More than 1000 workers will start solicitations in the Pleasant Hill - Walnut Creek - Lafayette - Orinda area in an attempt to raise $46,000 as the East Bay United Crusade drive opens Tuesday.

Diablo Valley Area Campaign Chairman Fitch Robertson of Walnut Creek, a former mayor of Berkeley, has set the theme of this years' local effort as that of helping local youth organizations.

"YOUR CHILDREN and those of your neighbors are precious to all who live in Central Contra Costa County," spokesmen said.

"This year, more than 27,000 boys and girls of this community will be given a chance for a richer, more healthy adulthood through membership in the youth agencies which you help support wit our contribution to United Cruysade," they added.

Last year, $17,000 was raised by local workers in the Diablo Valley, however some $34,000 was returned to the area by use for local agencies.

HOWEVER, THE BUDGET for local agencies has been raised to $68,000, due to both the increased need caused by growth of the area and the addition of the Girl Scouts as a crusade agency.

The difference between the local budgets and the amount raised in the area is supplied through money returned from Bay Area industries where it is collected in a "Give Where You Work" program.

Agencies of this area which receive financial support from United Crusade are Boy Scouts, Girl Scouts, Camp Fire Girls, Young Men's Christian Association, Shadelands School for Cerebral Palsied Children and United Service Organization.

White Cane Society, Children's Home Society, the learn to swim program of the Mt. Diablo Unified School District and services to this area from Herrick Memorial Hospital and Children's Hospital of the East Bay.

COMMUNITY CAMPAIGN chairmen are William S. Palmer, Walnut Creek; Ted Winslow, Pleasant Hill; Jack Pedder, Lafayette, and Ramsay Underwood, Orinda business.

The crusade does not include all organizations that solicit funds in this area. The reason for this, according to spokesmen, is that national policies of some units prohibit their inclusion.

About our happy Country Folks

By EDITH BOLMAN

IT WAS JUST LIKE SITTING on a cool cloud on a hot day. The waterfall was going backward, the host and hostess had welcoming arms stretched forward and the entertainers were going in circles.

The guests were also going backward, forward and in circles so that they could see all their friends, and the lovely gardens, and the Chinese oven, and the Hawaiian dancers, and the fountain spiraling into the air.

What personal hold Mr. and Mrs. Walter Boysen have over the weather is evidently a well-guarded secret, because we have made overtures on behalf of our own parties which have availed us naught, but Sunday a week ago was perfect and so was this beautiful cocktail party which started Orinda off on what promises to be a season of wonderful goings-on.

Silver to the left of them, silver to the right of them and silver on the dining room table — such was the theme for Dr. and Mrs. Charles Baker, who celebrated their silver wedding anniversary with a cocktail and buffet supper party.

Busy family, that — what with Carolyn at Stanford and Linda at Cal and Mother Baker a talented musician who played at the dedication service for the new Baldwin organ at Mrs. Baker's brother's (the Rev. Martin Tonner's) church in Newark. There were selections from Bach, Brahms, Clokey and Boellman.

We're not fancy but here are capsules

And now comes what the fancy news columnists call "news in a capsule."

Mrs. William Vaughan up and around after an unseasonal bout with pneumonia.

The Howard Keeches, with Susan and Sally, have moved to Philadelphia, and their home has been bought by Dr. and Mrs. Robert Johnson.

New baby at the Warren Arnett house named Susan. Old baby (not quite a year old yet, however) going on a trip to Santa Barbara for debut for grandparents.

Johnny Watson to be accompanied by mother Mrs. Jack Watson.

The Fred Goodwins attended the recent state golf tournament.

Magnolias floated on the Country Club pool last Saturday night to help put everybody in the mood for the "Deep South" party put on by the Lombardy Branch of the Children's Hospital.

Dr. Harris Holmboe has returned from two trips, one fishing and one hunting.

Mr. and Mrs. Lester Hinks Jr. are building a home on Camino Don Miguel.

The Fred Bordens are home from Wyoming, as are also the Edward Shueys. Sounds like they went together but they didn't.

Glorietta party — much more than capsule

News out of the capsule:

The Glorietta Improvement Association cocktailed and dined on starlit terraces, swam until the wee hours in TWO swimming pools and danced to the tinkling tunes of an outdoors orchestra.

A plus-capacity crowd beat at the doors of the T. M. Harrer home last Saturday for the annual party.

The following gentlemen may now pat themselves on the back for an evening well planned and well executed:

Messrs. Ben Olsen (prexy), Charles Nelson, Don DeWitt, Alan Winsor, Paul Pollaczek, Mel Arighi, Bob Miller, Ken Dewing, Bill Patton and Bob Bowles.

What's this — Page Izaak Walton! . . .

Fancy fishermen: They caught several kingfish, some unknown varieties and "one red one."

Such is the report from the Willys Brunks, Robert Browns and John Ogdens, who, with Ronnie, Robert, Caroline, Jack, Carl, Marjorie, Virginia, Leslie Anne and one gentleman from out of town named Charles Mears (now you can sort those out into family groups just as well as we can!) spent a recent holiday at Newbrighton Beach near Carmel.

The surf bathing and moonlight walks were wonderful but the fishing seems to have presented a certain element of mystery.

Guess you couldn't call it a "Koffee Klatch" but it certainly was a Hills Brothers party. The following friends of Mr. and Mrs. Robert Boyle went to the Oklahoma-Cal game and then came out to Orinda for a beautiful barbecue on that most tranquil of Saturday evenings — weather-wise not social-wise. Orinda fairly bounced with parties that evening.

Guests of honor from Denver were Mr. and Mrs. W. J. Philpot and their son-in-law and daughter, Lt. and Mrs. Curt Spencer. Others present were Messrs. and Mesdames J. Carroll Wilson, Clifton Levos, G. F. Pinkerton, O. B. Anderson, James Shaw, W. B. Johnson, George King, Frederick Voigt and Charles Fields.

Back home from far travels in the Orient

The Richard Lelands are home from quite some trip to the Orient. Flew both ways, spent five weeks in Japan seeing the sights in Yokohama, Tokyo, Kyoto, Hiroshima (almost entirely rebuilt), Nikko and Miyajima.

The Fisherman's Festival and Gion religious festivals were of particular interest with floats, flowers and a floating temple.

On to Hong Kong, where the weather was better but the atmosphere not so calm. Then to Honolulu, where they rested up at the Edgewater Hotel.

The Lelands brought home many treasures, including outfits for Kitty and Mickey so they can get dressed up when mother and father have company. Also colored slides which they showed to friends recently at a potluck supper for members of the Beta Sigma Phi sorority and their husbands.

Mr. and Mrs. James Freeman spent a few days at the Heritage House near Fort Bragg on the Mendocino coast.

Of all the interesting sights thereabouts (in case you don't know about Heritage House, it is picturesque, full of antiques and mementoes of the days when it was a hangout for rum-running), the thing which impressed the Freemans most was a statue done in 1865 which pictured Father Time (complete with scythe, hour glass, wings and a pair of rompers vaguely resembling Bermuda shorts) combing the flowing tresses of — guess who? — Purity!

That is all.

quately the everyday family and personal needs of the district. We are not getting it."

THE WOMEN'S PLANNING League of Contra Costa County, in a letter signed by Secretary Lorraine Atkinson, informed the Planning Commission that:

"The overall regulations for a Special Business District should be designed to assure the grouping of buildings on a parcel of land in such manner as to contribute a harmonious, efficient and convenient shopping center."

While admitting that "the phraseology of the introductory paragraph" in the proposed amendment to the zoning ordinance "represents a step forward," the letter, read by Mrs. Shirley Davis of Concord at the commission hearing, suggested several changes. These included:

1. "Detached pump stations for service stations should not be allowed in other than precise building areas."

2. Restrictions on intensity and type of lighting.

3. Landscaping requirements.

4. "Diversity and variety of business to serve adequately the everyday family and personal needs of the district."

5. Provision for off-street loading areas.

TRAVEL SMILES
BY Merry Miles

The child on the Greyhound bus was four, and bright as a cricket. "I can read the signs," she chirped, and demonstrated on the next one we passed. 'It says twenty-seven miles."

"What else?" I asked. "Oh, I can only read how far," she said, "but not where to!"

Everyone likes Greyhound travel because it's so intimate and personal, as well as low in cost. You're close to everything — scenery, people, the towns, cities and countryside.

If you're getting a few days or a couple of weeks off this fall, ask Greyhound for free literature on the latest Merry Miles Vacations. You can go anywhere, because Greyhound serves all 48 states.

There are pre-planned trips in the West, to all the national parks, around the U. S., and also to Canada, Mexico and the Caribbean. Prices are surprisingly low because Greyhound fares are so low.

For example, a 10-day vacation to the Pacific Northwest and Canada costs only $83.90, double-room rate, per person, plus tax, from Oakland. That includes hotel rooms, sight-seeing in Portland, Vancouver and Victoria, steamship fares, and travel via Redwood Empire, Oregon Coast and Shasta-Cascade Wonderland. See Greyhound or your travel agent.

So long for now. This is Merry Miles saying, "I'll be seeing you, and you'll be seeing America — best — by Greyhound!"

GO TO CHURCH SUNDAY

Community

Beginning his 10th year as minister of Orinda Community Church, the Rev. Fred Morrow will conduct the World-Wide Communion Service at 11 a.m. Sunday, assisted by Ray L. Welles and the deacons of the congregation.

A special message of the moderator, Fred N. Twining, has gone out to request attendance of all members who have been received during the nine years of Mr. Morrow's pastorate.

The choir, directed by Margaret Popovich, will participate in an anthem suited to the occasion. Boys of the fifth, seventh and eighth grades will assist as flag-bearers and candle-lighters at the two morning services.

There is a chapel service for adults and young people at 9:30, followed by classes for each age-group. Floyd Hornibrook conducts a second service for junior age boys and girls in the chapel at 10 o'clock. Younger children assemble in other parts of the church buildings for departmental and graded instruction at 9:30, with dismissal at 10:30.

Welles and parents cooperate in supervision of a Sunday evening fellowship group for seventh and eighth grade pupils, beginning at 5:30, and the high school age young people plan and execute their own program of recreation, discussion and worship at 6:45, with Welles as their counsellor.

Episcopal

Confirmation classes at St. Stephen's Episcopal Church in Orinda will start Monday at 8 p.m. and will be held each Monday at that time in the undercroft of the church on Via Las Cruces.

According to the Rev. Charles M. Hill, vicar of the local mission, the 8-week course will teach the history, worship, and faith of the church and will terminate in the Confirmation rite, which will be conducted by the Rt. Rev. This—like the Bible study group which began Wednesday evening—is open to all persons of any denomination who are interested in religious study.

Call is still out for helpers each Wednesday morning, beginning at 10, in preparation for the St. Stephen's Gift Fair, which will be held November 18. All talents and abilities will be utilized to good effect, according to Mrs. Frank Hibbard, chairman of the Gift Fair, who asks that each volunteer bring a sandwich for her noonday repast. Coffee will be served by the church kitchen.

Lutheran

Holy Communion will be celebrated at the 8 and 11 a.m. services Sunday at the Shepherd of the Valley Lutheran Church, Moraga Highway and Orchard Road, Orinda, in keeping with the spirit of World Communion Sunday, which was established through the World Council of Churches.

Christian churches throughout the foreign lands as well as in the United States have communion on this first Sunday in October. All Christians are encouraged to take part in a communion service either in their own church or one of the churches of their choice.

Each church has its own liturgical service and regulations for those who participate. Many of the church allow a confessing Christian the privilege of participation.

WHAT'S DOING

George A. Bauslaugh, your Telephone Manager in Orinda

A radio powered by sunlight

For centuries man has dreamed of getting power from the sun. Perhaps you, too, have wondered about it. Well, now it's happened. Bell Telephone Laboratories has invented a solar battery that directly and efficiently turns sunlight into useful amounts of electricity. It's made from an ingredient of common sand. Even at birth, it supplies enough power to run a small radio set (right) or send voices over telephone wires. Much development remains to be done. But the Bell Solar Battery, used with transistors, offers great opportunities for improvement and economies in telephone service. Research like this helps us bring better telephone service to more people at the lowest possible cost. **Pacific Telephone works to make your telephone a bigger value every day.**

Free booklet for your personal telephone numbers

Here's your handy guide to the local and out-of-town telephone numbers you call most often. By listing numbers you call frequently in this booklet, you'll be able to find them quickly and easily. And when you give the operator the number you want, out-of-town calls go through twice as fast. For a free copy, just call, write, or drop in at our business office.

Neighbors Need Each Other

The United Crusade's torch is a warm, comforting symbol. It stands for the spirit of neighborliness, the spirit that makes us care about the happiness of others. It stands for a crippled child's chance to walk, a handicapped father's chance to work. It stands for love and care for children who are alone, for the physically and emotionally ill. It stands for the opportunity for healthful planned activity and comradeship so vital to our sons and daughters. It stands for comfort for a lonely soldier far from home. The Crusade torch burns only so bright as the spirit of neighborliness within our hearts. With every dollar invested in human happiness through the United Crusade, the torch burns brighter. **Pacific Telephone**

Public Hearing Set For Danville Area Annex to CCCSD

Public hearing on the annexation of Southern Public Utilities District and two other Danville subdivisions was set for October 21 by Directors of Central Contra Costa Sanitary District Monday night.

Their action followed a report by Doris Dorris, SPUD secretary, that enough of the homeowners in Cameo Acres, Las Lomitas and Vista Grande subdivisions had signed petitions for annexation to make an election unnecessary.

"NINETY PER CENT of those contacted," well in excess of the required 75 per cent, signed papers in favor of joining CCCSD, directors were informed.

Petitioning is an area that contains some 350 homes with approximately 500 lots and which is included in the larger Danville Community Services District where a bond election recently failed.

The board had planned Monday to canvass the votes of the recent election where Directors M. H. Stanley and Campbell MacPhail were unseated, in favor of Richard Mitchell of Orinda and Raymond Fisher Jr. of Orinda.

THE ACTION HAD to be delayed, however, since one absentee ballot had still not been received, and the count was set over until next Thursday.

Retiring Director MacPhail urged the board give serious study to setting up an emergency operational plan in event of enemy attack or similar disaster.

THE BOARD ALSO heard a letter from Paul Wendt of the Diablo Public Utility District asking information about the possibility of annexation of that area which lies between Diablo Country Club and Cameo Acres.

Retiring Director Stanley brought up the recent election and said he had been told Mitchell had circulated literature referring to secret meetings by the board.

Mitchell, who was in the audience, said he was not accusing the board of secret meetings, but that he had wanted to make it clear he opposed star chamber sessions, an issue in a previous sanitary election.

Gov. Knight, Bride Feted At Receptions

By CLAIRE L. JEFFREY

Hundreds of Contra Costa residents attended a garden reception and a luncheon honoring Gov. and Mrs. Goodwin J. Knight in Walnut Creek Sunday.

The luncheon was held in the home of Mayor and Mrs. E. C. "Ted" Counter on behalf of the Walnut Festival Association which had invited the governor here to act as honorary marshal in its parade Sunday afternoon.

IT WAS ATTENDED by festival officials, city councilmen, planning commissioners, county officials and several other local dignitaries.

The reception preceded the luncheon and was held in the home of Republican Central Committee Chairman and Mrs. Harmon Howard.

Arriving at the reception with the governor and his bride were Mr. and Mrs. Don Bonar, Assemblyman and Mrs. Donald Doyle and Mayor and Mrs. Counter.

"THIS IS A pre-parade affair, but as many of you are civic leaders, I must state that over two and one-quarter million registered Republicans and Democrats in this state did not vote in the primary election," the governor stated. "It is the duty of all here today to see that 100 per cent of the voters in this county go to the polls in November," he declared.

Turing unexpectedly around to where his bride was sitting, the governor reached out to take Mrs. Knight's hand and brought her up to the microphone. "I would now like you to meet my wife, Virginia," he said, and sat down.

VIRGINIA KNIGHT, who obviously had not expected to speak, smiled, hesitated and then said, "First I want to thank you for the sheaf of red roses and for the beautiful white orchid corsage which I shall wear in the parade.

"But even more important, I want you to know that I am grateful for the warm way in which you have received my musband and me . . . My husband . . . that sounds wonderful," she added as she turned around to look at the governor.

Mrs. Knight wore a white and red dotted Swiss bouffant dress adorned with a white orchid corsage. A black straw picture hat haloed her face.

JOHN BALDWIN, candidate for Congress, concluded the morning festivities with a brief talk.

Among others attending from Walnut Creek were Messrs. and Mesdames Phil Knox, Frank Young, Sanford Marlor, Matt Connelly, Max Fisher, Glenn Max, Donald Coffin, Elmo Giulieri and Ray Powers.

The Lafayette group included Messrs. and Mesdames Vad Jelton, Lawrence Corbett, Mel Nielsen and Jack Pedder and Mrs. Gertrude Walker.

Among the large Orinda group were Messrs. and Mesdames James Moriarty and Thomas Barrows and Dr. and Mrs. Ronald Light.

Governor Knight to Be Guest Speaker At Taxpayers' Fete

Topping an active organization year, the Contra Costa County Taxpayers' Association will have Governor Goodwin J. Knight as its speaker at the association's annual dinner at Diablo Country Club on October 26.

Announcement of acceptance of an invitation by the governor, who will be accompanied by Mrs. Knight, was made today by Milton E. Gross of Martinez, chairman of the association's dinner committee.

"BECAUSE OF THE prominence of our speaker and the timeliness of his topic the association is throwing this meeting open to public participation," Gross said. "Ticket reservations can be made with any committee members and at association headquarters in Martinez."

With state and local financing spotlighted because of demands of mushrooming population, the governor will speak on "How Contra Costa County Fits Into the State Program." Financial relationships of state and county and general aspects of California's tax structure will be discussed by the governor.

ASSOCIATION PRESIDENT J. B. Corrie of Richmond announces the dinner for 7 p.m. The toastmaster will be Director Jack Fischer. Supervisor H. L. Cummings, chairman of the Contra Costa Board, the mayors' of Martinez, Richmond, Pittsburg, Antioch, Concord, Walnut Creek, El Cerrito and San Pablo and their wives will be at the head table with Governor and Mrs. Knight.

Queen Gail is the daughter of the Thomas Snows who live at 85 Willow Brook Lane, Walnut Creek.

Plans Being Finalized for Elks Club 'Night of Harmony' Due Here October 9

Plans are now being finalized for "A Night of Harmony" to be presented as a Cerebral Palsy benefit October 9 by Walnut Creek Elks Lodge 1811 in Acalanes High School.

And as singing units go into rehearsals and program adjustments are made, Chairman Clyde "Bummy" Bumgarner warned local residents to get tickets early to avoid being greeted with a "standing room only" sign the night of performance.

"PAST EXPERIENCE shows that with only 1140 seats, they should be purchased promptly," he said.

Included in the evening's entertainment will be several barbershop quartets from all over Northern California in addition to a chorus and the Berkeleyanns, chapter of Sweet Adelines.

Cooperating sponsors of the program will be the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America.

All profits from this, "the Elks big annual benefit," will be presented to the California Cerebral Palsy fund, Bumgarner said.

AN AFTERGLOW, which features informal singing by quartets in a relaxed atmosphere with refreshments, will follow the program in Walnut Creek Veterans Memorial Hall.

In addition to his duties as chairman, Bumgarner will be master of ceremonies for the production as well as sing in the local lodge's quartet which also inucludes Al Nye, Chuck Aiman and Fred Steil.

Tickets at $1.50 each may be purchased at the Kitty Bar, the Shoe Box, Aiman's Equipment Rental, Maguire's Pharmacy, Diablo Drug Company, Farrareses' Liquor Store and other cooperating merchants.

"We are sure persons who attend will get the double satisfaction of an evening of good entertainment as well as that of having aided a very worthy cause," Bumgarner concluded.

Dramateurs Mark 10th Birthday, Ready New Play

The Dramateurs celebrated their 10th anniversary last month by having a "no-host" barbecue party at the Orinda home of the Clarence Betz'.

This group was originally organized to present plays for children, which were given in the auditorium of the Orinda School on Friday afternoons and evenings. These performances were so popular and the talent of the Dramateurs so much in demand, that the group gradually expanded.

They now give a varied repertoire of drama as well as comedy, and their present membership of 45 is representative of Oakland, Berkeley and San Francisco, as well as Contra Costa County.

The Dramateurs are now in rehearsal for the production of Tennessee Williams' "Summer and Smoke," which will be given in the Orinda School Auditorium the evenings of November 4 and 6 and at the Berkeley High School Little Theater the evenings of November 12 and 13.

Members of the cast will include:

FROM ORINDA: Charles E. Scott, Al Floyd, Wirtabel Harris and her young daughter Hester, and Kathi Scott.

From Walnut Creek: Jack Holder.

From Berkeley: Jim Stanislawsky, Alice Swenning, Robert Swenning, Armando Roderiguez and Harry Linder.

From Oakland: Jewel Scheeline, Jeanine Kenyon, Simone Sherri.

From San Francisco: Stan Wiggin.

Sharon Gillespie, Jimmy Gibbs and Laurie Chapple are juvenile members of the cast from Contra Costa County.

IN ORDER TO give college students interested in drama a "break," the admission fee will be at a reduced rate to those presenting Student Body cards at the box office.

Jasper Allara of Orinda is official photographer of the Dramateurs.

Fiesta Fashions Will Open Soon

Mrs. Elizabeth Worswick, well known owner of Shootime Shopping on Moraga Road, today announced plans for the opening of Fiesta Fashions, a teen shop and women's sportswear store, on or about November 1.

The new store, which will feature smart apparel for country living, will be in the recently completed Garibotti building just south of the Post Office.

Mrs. Worswick will continue to operate Shootime Shopping.

The popular business woman stated:

"We firmly believe in Lafayette, its growth and future. We want to take this opportunity to thank our friends and customers for their loyal support.

"It is because of that loyalty that we can carry out our plans for what we believe will be a real contribution to Lafayette and its development as a complete shopping center for our area."

Mrs. Worswick planned originally to house her new shop in the new Garibotti structure being erected behind the Post Office.

Stevens Take Course

Charles S. Stevens, 831 Solana Drive, attended a New York Life Insurance Company semi-annual career conference in Berkeley recently.

Orinda Here and There . . .

By ORINDA MOTHERS CLUB

VACATION TALES

Mrs. Robert James and son, Jimmy, returned from a month stay at Marla Bay. While they were there, Bob James visited with them on weekends and they went to Virginia City "sight-seeing."

Mrs. Beau Guinther had an unusual visitor on her front porch recently. She had to call the firemen to get rid of the unwelcome guest. While the neighbors stood by with hoes and shovels, the firemen got a rattler (12 rattles in all on its tail) into a tremendous jar. The snake will be pickled and shown to school children this fall.

Mr. and Mrs. Rudy Grah, Sleepy Hollow Lane, are back home again after a year in Ann Arbor, Mich. Rudy brought the four children home by car across country, and Mary flew home a few days later with their brand new baby boy, Oliver John.

The Paul Greggs are home after a short trip to San Diego.

Burt and Helen Kohler and daughter Terry had a week's tour up the Redwood Highway. They visited sawmills in Scotia, winery at Asti, Shasta Dam, Mt. Lassen and returned on the Feather River Highway. Mrs. C. H. Kohler and Carlton Kohler accompanied them.

COCKTAIL PARTY

The Miles Sutliffs entertained at a cocktail party recently for friends and neighbors. They then left for their vacation. The first week of vacation was strictly for the children—visiting the zoo, the beach, fishing and fun. The next week was for the busy parents who spent their time visiting with friends and relatives in Los Angeles.

Miles, president of the Sleepy Hollow Association, and Fran, past president of the Orinda Mothers Club, are now ready to settle down to fall activities.

Dr. and Mrs. Ronald Light entertained recently at a cocktail party in their new rumpus room. The room has a very unusual fireplace in the center of the room. It is freestanding and has a heavy wrought iron hood that hangs from the ceiling. Good time was had by all!

SCHOOL DAZE

By now the marks of the first harrowing day at school have faded somewhat from the brows of the various teachers and school personnel. But what a day it was! Caroline Harrison, Del Rey School secretary and part time mother and confidant to the various little ones who have need to visit the office, reports the following:

Bedlam! Sheer bedlam! Phones ringing, buses looking for the right children, double session troubles, lost lunches, and through it all Mr. McNicholas, the new principal, ever so calmly and efficiently smoothing over each crisis and putting children individually on the right buses.

And DOGS! Dozens of them! Big and little, brown and white, long-tailed and short-eared, eating the lunches left on the school grounds, leaving puddles in the halls, searching for their masters in each room, playfully knocking down the smaller small fry, dogs in the office, dogs literally everywhere!

A fervent plea from each school: Please, oh please, tie up that friendly lovable mutt at home! Be sure he doesn't follow junior to school. The schools have enough problems without them!

NEW TEACHERS

Miss Adele Williams, now a fourth grade teacher at Del Rey, formerly taught in Antioch and Ukiah. She has an impressive background of 8 years of voice study in addition to a B.A. degree in education from Arizona State College near Phoenix.

Her major academic interests were music and art. In conjunction with the college music department she did considerable work with their opera workshop. For her outstanding service to the college Miss Williams was awarded a membership in an honorary alumni club. She is also a Gamma Phi Beta.

Mrs. Frances Randall, new third grade teacher at Del Rey, was graduated quite recently from the University of California where she received her B.A. degree in education.

The study of history she claims as her main interest, with English and speech running a close second.

Mrs. Randall did her practice teaching at the university and did substitute work in Fresno. In addition to being small, dark and pretty, Mrs. Randall has a charmingly enthusiastic personality. Another asset to the Orinda school system.

IT'S OUR LOSS

Lured by the gold—we're sure it wasn't the tinsel—another popular young couple are Orinda's loss and a Los Angeles' gain. Gene and Betty Gregg with their three children, Betsy, Cathy and Gene Jr., now hang their hats in Arcadia, another Los Angeles suburb.

Being energetic and enthusiastic people, they will be missed by the community and especially Overhill Road neighbors. After three brief weeks of getting settled in their new home, they were visited by ex-neighbor, Dotty Cary, who found the amazing Betty already freezing cupcakes and putting up chili sauce and tomatoes! Such energy.

And speaking of such things, one of our most energetic young matrons, Darlene Byers of Donna Maria Way, has written finis to the summer by treating 22 of her neighbors to a delicious luncheon. And such food! The works, including divine individual baked Alaskas! Anybody for a peanut butter sandwich at my house?

PARTY-TIME

Susan Henry was hostess recently at a dancing party given at the home of her parents, Mr. and Mrs. Arthur Henry of Brookside Road, Orinda.

Most of Susan's guests were her classmates who had graduated from the Glorietta School in June. Those invited were Gerie Olson, Patty Boehm, Liz Madden, Margie Williams, Sue Tharp, Carolyn Rodger, Geraldine Ganiats, Lonnie Anderson, Caroline Archer, Michele Harrer, Steve Unneveher, Milton Howe, David Dail, George Kimball, David Rhoda, Mike Samon, Don Minor, Grant Shuey, Allan Dahlstrand, Mario Guarneri and Joe Cayting.

The guests enjoyed popcorn, coke, potato chips and cookies as well as dancing and games.

SLIPPERY FISH

A game of "who can catch the goldfish in the swimming pool" was one of the main events at the swimming party given September 9 by Richard Bowles at the home of the Robert Bowles of Orchard Road, Orinda.

Spotlight On Springhill

UP AND AROUND

Just checked with Bob Underhill to find out the nature of his recent ailment as we heard all sorts of stories. Bob answered the phone. So to squelch any more rumors, here's the straight dope from the horse's mouth.

(Now wait, Bob, it's a figure of speech!)

He did have a polio virus. It was non-paralytic, non-contagious, felt like flu. He is now up and around, hale and hearty.

SUNDAY SAUNTER

Speaking of hills brings us to our walk on a recent Sunday morning. Armed with a few tomatoes the big green worms so kindly left us, we trudged by Liz and Gordon Smith's to say hello. Found them engrossed in the garden, full of information about the latest way to catch gophers. Something about a poison gas gun. Check with Senior Smith if interested in same.

Deposited the tomatoes, left the Smiths and noticed as we passed the Annises what an attractive job John is doing on their place. Have you seen their new brick porch and that luscious shade of green he has painted their house?

FAMILY ACTIVITIES

On by Eshlemans where we saw three little fellows playing junior size baseball in the front yard and something that looked like all of Bob except his head which was temporarily engrossed under the hood of his car.

And after a few more minutes' pleasant hoofing, we reached what used to be the little dirt road turnoff on the Burger-Wooten corner of Springhill. Not so any more! Progress hath hit! — the fancy new sign pointing down the freshly black-topped road says Springhill Circle!

This brand new suburb includes the senior Burgers, Winnie and Bob Wootten, two vacant Marchant homes with sold signs on them and one newly completed home which was the real reason for our hike — to meet its owners, the Jeffreys.

AND HELLO!

Bill Jeffrey was energetically raking his front yard in preparation for lawn planting. One of the Jeffrey children whom we later discovered was Anne, age six with long brown braids, was gathering walnuts in the side yard. And as we introduced ourselves and got acquainted, Nancy Jeffrey and young blond son Bill Jr., age three, drove up in their car. From our pleasant conversation we present you with the following facts.

The Jeffreys moved here from Stockton. Bill is sales manager for the Calaveras Cement Co. They both like Lafayette, especially Springhill where they moved "because of the trees, the quiet and the beauty." They have a real five-year plan for their garden and are looking forward to it as it is a hobby they both like. All the Jeffreys will be at the Springhill Road picnic Sunday. Look for them. You'll like them, too.

BE SURE AND COME

Which brings us to this big annual event to be held at Dick and Maya Graves this coming Sunday. Here's the refresher course on same. Be there at 1 p.m. Bring (1) the whole family, (2) plates, cups, silverware and whatever food contribution you volunteered, (3) your bathing suits and (4) your $2 Springhill Road annual dues to gladden the heart and strengthen the purse of treasurer Frank Brown. See you then!

Lloyd Home from Convention of Federal Workers

Jack F. Lloyd of 3344 St. Mary's Road, Lafayette, returned recently from the 22nd biennial convention of the National Federation of Federal Employees, held at Dallas, Texas.

Lloyd, a vice-president of the California State Federation of Federal Employees, attended the one-week convention as the representative of two locals — Oakland Naval Hospital and the U.S. Naval Magazine, Port Chicago. He is employed as an electrician at the Port Chicago installation.

LLOYD WAS ONE of the speakers who urged the delegates to vote for return to Congress in January of the bill providing 5 per cent pay increases for postal and classified federal workers. Although this measure passed both houses at the recent congressional session, it was vetoed by President Eisenhower because there was no provision for revenue for the increase.

Approval of the 5 per cent pay raise bill was voted unanimously by the delegates and was one of some 500 resolutions acted upon.

SENATOR Olin Johnson of South Carolina, Senate minority leader, assured the convention that the bill will be introduced again and will pass, retroactive to August 23, date of the presidential veto.

Lloyd yesterday urged that any federal employees living in this area get in touch with him if they are interested in formation of a local of the federation. His phone number is ATlantic 3-2220.

Condon Addresses Orinda Democrats

The Orinda Democrats opened their schedule of fall activities with a very enjoyable barbecue September 22 in the Fellowship Hall of Orinda Community Church.

Congressman Robert L. Condon, candidate for reelection, was the principal speaker. He told the group that he had signed the "Code of Fair Campaign Practices," sponsored by a nationwide group in "an attempt to raise the level of political campaigning above that of mudslinging."

Condon stated that he had always conducted his campaigns without personal attacks on his opponents and without employing "McCarthy-ite tactics" which he said are presently being used against him by his opponents.

He declared that a campaign should properly be conducted on the issues of the government's domestic and foreign policies.

The Democratic candidate for the 10th Assembly District, Edward Munns, spoke briefly.

Localites Throng Art League Ball

Almost 600 people, many from the Lafayette-Orinda-Walnut Creek area, were guests at the Annual Art League Ball Saturday at Diablo Country Club.

"The World We Live In," divided into three categories — land, sea and space — was the theme of this year's fabulous costume party.

Climaxing an evening of dining and dancing, a grand march of the costumed guests was held to select prize winners in the three divisions.

SEVERAL PRIZES WERE awarded to people in this area:

Dr. and Mrs. Peyton Jacob of Orinda, dressed in work clothes and pushing a wheelbarrow with a sign on it declaring "In the World We Live in We Do It Ourselves" were prize winners in the land category.

Dr. and Mrs. Sheldon Cook of Lafayette ware awarded prizes in the space division with their version of Atomic fission.

Honorable mention was given to two other local residents, Mr. and Mrs. William C. Seifert Jr. of Orinda for their novel version of an "A" bomb and an "H" bomb and the C. Wadsworth Whites of San Ramon for their interpretation of a space boat.

PATTER ON THE PARTY LINE

By PATRICIA JELTON

THE EXTREME GEGARIOUSNESS and solidarity of the "Happy Country Folk" is evinced by the rush of September entertaining, with particular stress on gatherings of large groups. After the solitary sojourns of summertime, apparently there is a great desire to see everyone and all at once.

Three large cocktail gatherings within a week, at the William Freemans, William McNevins and Walter Boysens.

The Freemans' was held on a balmy evening, when guests gathered in the patio around the swimming pool, some still attired in sports clothes from the Oklahoma-Cal football game, some in formal attire on their way to the annual Holidays and still others in gear deemed proper for the Orinda Branch's Fish Bake up the road.

Many of the guests exclaiming over desire to build again, inspired by the Freemans' very adaptable style of architecture.

Others fascinated by enormous specimens of driftwood used as motifs in garden, same having been floated across Echo Lake and toted down by trailer.

Another pool, another tropic-type eve

The McNevins' guests likewise gathered around the pool, they also being favored with tropic-type eve.

Group of old Mira Vista pals coming indoors later to play games and sup in honor of Wayne Thompson, former city manager of Richmond, now about to assume similar duties for the city of Oakland.

Jay and Walter Boysen really taking advantage of the weather as background prop for Hawaiian entertainers.

Discovered with other late stayers that Walter can really play that new organ in the living room. What's more, he used to lead a school-days orchestra.

Stopped by Jeanette and Frank Wrights', and most entranced to view recent decorating renovations performed on the fabulous Joslin house which the Wrights acquired during the summer.

Plenty of 'bugs' at Art League Ball

Once again in September, the annual Art League Ball at Diablo Country Club, so much looked forward to and widely attended by localite socialites.

Jinny and Ed Barnett gathering congenial group for cocktails at the Carl Vendts' in Walnut Creek to avoid backtracking transportationwise.

Barbara and Carl, as you know, have acquired the lovely old Burgess estate on Hacienda Road. Barbara in a decorator's heaven with 18 rooms in which to expend her talented energies. That should keep her from rearranging the living room furniture for a time.

The suggestive title of the ball as to attire being "The World We Live In," this lively group decided to appear en masse as — bugs! Quite a variety they were, with basic black B.V.D.'s further embellished with light-up antennas (Matt and Elsa Connell), turning green (Mel and Cita Nielsen) or merely looking beautiful \Ruth Howard). Peter was pretty, too.

The Bob Burgess' Jr. (Bob, of course, grew up in the house) came as exterminators, and one foresighted couple in night clothes as bedbugs.

Mrs. Knight, too, wondered what to wear

Local Party Line in great state of activity next A.M. as local ladies sampling opinions as to proper attire for coffee party in the gardens of Joan and Harmon Howard honoring Gov. and Mrs. Goodwin J. Knight.

We, personally, reassured by Mrs. Frank Young that when informed of the party, the first lady's first words were, "What shall I wear?"

Mrs. Robert Jeffrey, SUN correspondent, almost running the lovely lady through as she nervously attempted to pin white orchid corsage sent by the Carbone orchid growers, a replica of the one sent to Mrs. Eisenhower for the inauguration.

The Knights, as well as localites Charles P. Howard, Harmon Howard and Mrs. Robert Galbraith, just back from having breakfast with President Eisenhower in Los Angeles.

Upon receipt of invitation, Harmon inquired of his father if he didn't think that was quite a distance to travel for breakfast.

"Well," opined senior statesman Howard, "I've waited 69 years to be invited to have breakfast with the President, so I'm going.

"And what's more, I'd advise you to go, too, as you might wait 69 years for another one."

Up the road to the mayor's estate

From the Howards, many of the guests progressed up the road to Mayor and Mrs. Ted Counter's lovely estate for luncheon, where umbrella tables were set around the pool and in the garden decorated in Jeanette's inimitable style, remembered from old Art and Garden Center days.

I know you're all just dying to know what everyone wore.

Well, Mrs. Knight, who, incidentally, is a real beauty, as well as a very charming and cultured lady, wore a simple white sheer printed with tiny red polka dots set off with black velvet hat and shoes.

Hostess, Mrs. Counter, cool and crisp in aqua linen with hand applique entwined with seed pearls.

Mrs. Don Bonar in platinum faille suit, with which she wore a tiny pale blue flowered hat. Mrs. John Baldwin chose teal blue with matching hat, and Mrs. Don Doyle chic black and white.

Mrs. Thomas N. Barrows in gray silk, chatting with the governor about recent lady Republican convention in Los Angeles, at which she met the President. Mrs. Joseph Creighton a symphony in blue, Mrs. Frank Young and Mrs. James Irwin lovely in prints.

Mrs. Knight heard to remark that she hoped to visit our area after election excitement to further acquaintance with cordial local folk.

The feeling was definitely mutual.

Larks Are Busy As Beavers With Rummage Plans

The Larks, Lafayette's unit of the Mt. Diablo Therapy Center, would more appropriately be called the beavers, according to members of the unit who report activity during the summer months reached an all-time high.

Current main activity of the group is a rummage sale to be held in Oakland's St. George's Hall on October 18 and 19.

Larks have been collecting clothes for the big event since last May.

Profits from the sale and other projects of the Larks are given to the Mt. Diablo Therapy Center. One thousand dollars was cleared on a similar sale last fall and the unit hopes to exceed that figure this year.

The H. C. Capwell and J. C. Penney Companies of Walnut Creek have donated new surplus items.

Among the Lafayette retailers who have offered new merchandise are Lafayette Furniture, Hill and Dale, Marzel's, Dick Mathis, Shierry's, Ben Franklin, Claudy's Sportswear, Gibson Hardware, the Emporium, Dime and Dollar, Lafayette Pharmacy, Sutton's, Home Finders and ShooTime Shopping.

'Outdoor Living' Has Become Regular Part of Most Californians' Vocabulary

By THE GARDENER

DURING THE PAST TWO DECADES the term "outdoor living" has become a regular part of most Californians' vocabulary.

Industries have sprung up, their success solely dependent on their ability to supply accessories that make outdoor living more comfortable and more satisfying.

At least one Western magazine has so successfully espoused the cause that the name of the publication is virtually a household word.

IN THE LAST 25 years or so nurseries, in particular, have acknowledged the trend to such an extent that to compare the nursery of today with its counterpart of 25 years ago is something akin to comparing a 1954 automobile with its 1930 namesake.

For where in years gone by the average nursery had plants, shrubs, flowers and trees pretty much on a seasonal basis, horticulture has now developed to such an extent that many of those same growing things may be had in one form or another the year 'round.

Then, too, old-time nurseries devoted themselves virtually to plants and seeds alone. Now "the garden store" is an essential part of nearly every nursery. In the modern nursery store you can obtain nearly every garden implement and man-made outdoor living aid.

YOU'LL FIND a variety of plants and trellises, materials for fencing, lightweight plastic garden hose, lawn mowers and power mowers, sprinklers, garden tools of every kind and sprinkler systems for self-installation.

Today's nurseryman has kept abreast of these developments by increasing his knowledge far beyond the ability to give planting advice. He has become a student by and large, of overall landscaping and can tell you how to use man-made devices to attractively accentuate growing things.

Roses Should Receive Care

During the first days of fall, rose bushes and plants should have a light pruning and general cleanup—and in the case of well established plants, a feeding.

Gardeners frequently differ in opinion as to how much pruning should be done after each crop of blooms. Flowers should be cut off or picked off as they fade.

These 2 Flowers Enhance Beauty Of Your Garden

Few flowers surpass dianthus and carnation in universal appeal for garden usage and for adding a spicy tang to home-picked bouquets.

Adaptable for many purposes, they both present an interesting gray-green foliage, both yield quantities of wiry-stemmed cut flowers and both will thrive on neglect.

Carnations of florist quality can be grown in the home garden from

CARNATION

the newer hardier varieties which are available as seedling-grown transplants.

Dianthus is a neat, tidy plant which makes an excellent border for sunny areas, with flowers of rose and pink and possessing a wonderful spicy perfume. The low gray-green foliage is attractive throughout the year.

Checklist Tells Daffodils' Value

Here are your Garden Checklist notations for this week:

1. Once again it is daffodil planting time!

Daffodils are a "topnotch" bulb investment.

First, there is no substitute for their early spring cheer.

Secondly, it is practically impossible to fail with them, provided you start with first quality bulbs.

And, best of all, they readily multiply and increase from year to year.

2. **THIS IS A MOST** favorable time to seed a lawn.

3. Try planting tulips and daffodils in pots which can be sunk in the flower border.

The pots can be removed after flowering and the bulbs allowed to die naturally in a less conspicious part of the garden.

4. **MANY BEDDING PLANTS** can be planted now which will provide winter color.

5. All container grown ornamental shrubbery can be transplanted now.

Double-Pane Glass

Double-pane insulating glass with an outer pane of heat-absorbing plate glass helps reduce air-conditioning loads, makes for added summer comfort indoors and, with its cool, green tint, is restful on the eyes.

Fall Planting Time Important

Fall is an important time to gardeners because the planting and preparation that are done now have a considerable bearing on the flowers you can expect to enjoy this winter and next spring.

Stan Hayes, Pasadena garden authority, comes up with these valuable suggestions for fall planting:

Set out plants of snapdragons, stocks, pansies, larkspur, but protect them from excessive heat. Plant seed for Christmas blooming sweet peas. Try the new multifloras to see six or seven flowers to a spike.

Roses — fertilize with balanced plant food and soak in for continuing bloom. In most areas the fall bloom of roses is the best of the year.

Iris — if bearded irises have not been divided this is the last opportunity without sacrificing best results for next spring.

Chrysanthemums — give a last light feeding before blooming. Irrigate well and keep staked as they stretch up to the sun.

Plant Those Fall Annuals Now for Beautiful Colors

Falling leaves, migrating birds, changing colors and cooler nights! Do not let these lull you into believing that as fall marches in, garden activity marches out for the year.

If planted now, winter-blooming stock will liven your garden with shades of white, rose, pink and blood-red in one or two months. Stock provides spicily fragrant flowers that are fine cut and have good gray-green foliage.

FOR DEPENDABLE late fall and winter color, rely on pansies. They'll provide blues, violets and yellows in various shadings.

They should have enriched soil, maximum moisture and regular feedings of humus. Picking off old flowers as they fade will lengthen the blooming period.

LOBELIA WILL AFFORD shades of blue in one to two months if planted now. Lobelia also needs rich, moist soil and likes light shade.

Orchard Nursery To Show 'Mums,' African Violets

Collectors of African violets will have an opportunity to view rare specimens at Orchard Nursery's sixth annual African Violet Show and Open House Saturday and Sunday, October 9 and 10.

In addition to the African Violet Show, the Open House will feature a Chrysanthemum Show.

Orchard Nursery, which is at 4011 Mt. Diablo Boulevard, Lafayette, recently won blue ribbons for African violets in statewide competition at both the California State Fair and the San Mateo Fiesta.

BOTANICALLY, the African violet is known as the Saintpaulia. The name is derived from Baron Walter von Saint Paul, who discovered these interesting plants early in this century, growing wild in the open forests of East Africa.

Charmed by their beauty, he sent some seeds back to England.

From this small beginning has developed a hobby which is now worldwide. Today African violets are the most popular of all indoor plants.

CHRYSANTHEMUMS are the loveliest of fall flowers and add color to our gardens at a time of year when color is scarce.

Dozens of new varieties will be shown. The new early blooming English varieties will be especially featured.

Lovely cascade plants will also be shown.

THE "MUM" SHOW is under the direction of Laura Safford of Concord.

The violet show will be handled by Constance Hansen of Lafayette.

Will Give Color

When you start thumbing through bulb catalogs, preparatory to planting for early color next spring, put a check mark by Anemone and Ranunculus.

The showy shades of blue, red and white provided by Anemone flowers will be excellent in your rock garden and borders.

Ranunculus' camellia-like blooms in yellow, orange and red shadings will provide strong color contrasts when placed in borders with a selected assortment of annuals.

Navlet's to Give Demonstration of Pruning Methods

Pruning time is just around the corner.

Do you equip yourself with a pair of shears in one hand and a pruning saw in the other, stand before your intended "victim" and wonder where to begin?

Maybe you just cut here and saw there—and hope for the best.

To help you avoid this predicament, Navlet's nursery at 2630 Contra Costa Highway, Concord, on its third anniversary, will present "Doc" Thompson and his assistant, Mrs. Mary Armstrong, in a pruning demonstration Saturday and Sunday.

Thompson has had 30 years' teaching and practical experience in horticulture and agriculture. He is research consultant for the Corona Clipper Company and is well-known as a teacher of home gardening for adult education classes.

The program Saturday and Sunday will include actual demonstrations of pruning technique, as well as discussions on cultural practices as applied to trees, shrubs and roses.

Survey Completed on Virus of Grapevines

A survey has just been completed of all the grape-growing areas in the county for the virus disease called fanleaf of grapevines, reports A. L. Seeley, agricultural commissioner for Contra Costa County.

The survey, which was conducted in conjunction with the State Department of Agriculture, revealed only one vine infected in the county.

The survey is being conducted over the entire state, according to Seeley, in order to determine its present distribution.

Chaparrals: Hearty Beauties

By L. L. EDMUNDS

Within the state of California, there are a thousand or more species and varieties of shrubs of which a large number have ornamental value. Those shrubs which inhabit the dry chaparral formations are of especial interest, as they will thrive with only the annual rainfall in garden areas where irrigation may be difficult and, of course expensive.

During the first summer after planting, it is desirable to give the plants some water. The frequency of irrigation will depend upon the time of planting, type of soil, and the area where they are used.

WHERE THE PLANTING is done during the winter months, thus providing ample time for root development before the advent of the summer drought, three or four waterings are usually sufficient. Frequent light watering is not desirable. It is better to water about once a month and to then give all the water the ground will take.

Many of the species seem to be quite immune to plant pests, while on others, scale or aphis may be found at times. In the dry garden, aphis has never been a problem and scale can be readily controlled by spraying. In general, the native shrubs are much freer of pests than are the introduced exotics.

AFTER THE PLANTS are established they will require little attention. An annual pruning of some plants may be desirable to keep them within bounds or to remove any dead or unsightly wood. A more severe pruning may be occasionally desirable to regenerate the plant with new wood.

WITH YOUNG PLANTS, an occasional light pruning will develop lateral growth and develop the desired shape. Do not, however, try to make a four-foot shrub of one which will naturally grow to eight feet; better to select a plant whose adult size will approximate that desired for the particular spot.

It is difficult to understand why some people are prejudiced against the use of any deciduous material. An occasional deciduous shrub among the evergreens serves to mark the season and gives increased interest to a planting.

'Mums' Now Available

"Mums" can be had at nurseries now in a wide variety of well nurtured plants.

They'll be blooming in the next few weeks and obligingly will provide color for you well into winter—whether planted in beds and borders or in pots and containers.

Plants Aid Gracious Living

Whether, to you, gracious living means quiet hours at home with your family or expansive entertaining, utilize you garden, patio or special outside living area to make the most of those wonderful leisure hours.

If a porch or patio serves your home in this regard, intermingle potted flowers and container-grown plants among the regular furnishings for greater attractiveness.

Container-grown camellias, gardenias, coleus and acuba can add beauty to the situation.

AZALEAS, rhododendrons, begonias and hanging basket fuchsias are further excellent choices for porch, patio, terrace or lanai.

A lath house or screened-in area outdoors can also do much to add to the graciousness of living, particularly if container shrubs and plants are established. In such situations hanging baskets are in their element.

Chrysanthemum True Story Has to Be Read Backward! . . .

ly that all the bugs in the dictionary combined!

THE CHRYSANTHEMUM family presents a color pageant of such flash and fire that the heart is warmed and cheered through and through.

Modest little border dwarfs and cushions — gaudy with pompons — singles and duplexes all daring one to find a spot too poor for them to beautify; graceful cascades tumbling over walls or boulder piles, hanging like lace from the crotch of a tree or patio bracket; spoons and anemones filling great beds with masses of color; exotic whoppers standing as accents against boundary plantings; spiders' threads and quills adding distinction with their impossible frills and unbelievable colors.

The chrysanthemum story is fascinating. But one has to read it BACKWARD!

It is a Chinese story, older than Confucius, and to be understood, must be read backward.

Begin with the bloom date of any variety and observe the number of hours of daylight present on the day it flowers. This is the key to the growth pattern of the whole life cycle, because it is light that makes them grow, and darkness that makes them flower.

(That is the secret of forcing — by approximating the plants' requirements of light, for growth, and darkness, for bud initiation and flowering, one can artificially cause many varieties to bloom upon any chosen day in the year.

NOW LOOK BACKWARD on the calendar 120 days. Start your plant then — as a root separation or cutting — give it 30 days to get established and it will fulfill its promise and bloom at its appointed time 90 days later.

Native to the Northeast Orient, where the summers are short and hot, the winters sharp, long and cruel, the chrysanthemum family had to learn to adapt or perish. Thus, adaptability became the most dominant trait of the whole tribe.

Now one finds them flourishing in Patagonia, Norway, Korea, Egypt, Australia, Alaska, South Africa and all the places in between wherever civilized man makes a garden.

There is a variety for every kind of climate — hot, cold, wet or dry; a type for every garden use; a size for every spot; a color for every preference.

PLANT ONLY CLEAR, healthy plants. Buy them by name and bloom date. Grow them in full sun, in slightly acid, well-drained soil. Irrigate deeply and regularly — never let the feeding trench bake dry.

Sprinkling almost never gives them enough to drink. Hand weed and do not close cultivate with a sharp tool — it always damages surface feeder roots. A good 4-inch porous mulch is a "mum's" best friend.

A well-prepared chrysanthemum bed contains superphosphate or bone meal, rotted manure and composted humus — lots of it.

A chrysanthemum plant needs calcium and more of the phosphates than any other garden flower. It should be fed often enough to keep it growing slowly and steadily until it reaches maturity. Organic fertilizers are easily applied.

A well-fed, well-cared-for plant will not rust or mildew. Air circulation is essential to a healthy plant. Overcrowding and unwise feeding probably kills more "mums" annual-

Violas Provide Color

Violas are grand for quick spring color. And such a variety of colors! — white, yellow, blue, red, apricot, violet and mixed — all good bets.

For beds and borders, few plants outshine the viola for length of bloom and mass display of color.

Violas are low-growing and serve well for border plantings.

It costs you at least $2.50 extra when you go through the tunnel to shop. Save at home!

African Violet Lavish – If Cared For

The African Violet is unique among house-plants, in that it will give continuous year-round bloom, year in and year out, if its basic requirements as to light, temperature and humidity are satisfied.

LIGHT: The most important single factor in getting these plants to bloom is the proper amount of light.

AFRICAN VIOLET
. . . gives continuous bloom

One of the best exposures is in an east window, where they will get a few minutes of the morning sun. Too much sun, especially in the middle of the day, will burn the flowers and foliage.

They have been found to do very well under fluorescent lights, or even with a little supplementary light from an ordinary light fixture, so do not despair if you do not have an ideal window for them, but investigate the possibility of using electric light.

WATER: More violets have been killed from overwatering than from any other cause.

They may be watered from top or bottom, if tepid water is used, and the plant not allowed to stand in the sun when the foliage is wet.

If the plant is watered from below, be sure to empty any excess water left in the saucer after a few hours.

Saturate the soil at each watering, and do not water again until the the soil feels dry to touch. Two weekly waterings are usually sufficient for plants in 4-inch pots. About once a month give them a lukewarm shower bath to clean the dust off the leaves, and you will find that they look 100 per cent better.

TEMPERATURE: African violets do best at a day temperature that ranges between 70 and 80 degrees and a night temperature which does not go below 60. However, they will stand much greater ranges of temperature for short periods.

Chilling slows up their growth, and may cause the leaves to curl, as will escaping gas fumes or cold draughts.

SOIL: The potting soil should be loose and drain well.

A mixture of four parts coarse leafmold to one part sand or sponge rock, enriched with a small amount of bone meal, has been found satisfactory.

CONTAINERS: Violets may be grown in glazed or unglazed containers, with or without drainage holes, but their water requirements will vary with the type of pot used.

Those in glazed containers will need less water than ones in ordinary clay pots, and this difference must be taken into account when watering.

If a container without drainage is used, tip it up after watering to allow any excess water to run out.

For automatic watering, investigate the possibility of the wick-fed planters.

PEST CONTROL: The best control for mealy bugs is to not let them get started. Keep a close watch on your plants and have a good ant control program.

Never re-use pots without first washing and sterilizing them by boiling or baking. Also, avoid use of any garden soil in the potting mixture.

The most virulent pest on African violets is the cyclamen mite, which is to small to be seen without a high-powered hand lens but makes its presence known by the injury it does to the centers of plants and the flower stems.

Spraying once a month with one of the sprays which contain both rotenone and pyrethrum will prevent mite damage, but in the home collection effective control may be had by spraying at the first signs of mite injury.

How to Bring Your Garden Up-to-Date

Is your garden dated? Have many of the shrubs and trees that were planted years ago outgrown their usefulness? Has your garden that discouraging look of overgrown neglect?

If you are one of the many homeowners who have such a garden, don't despair. For it can be given an up-to-date appearance with comparatively little effort.

First thing to do is to examine the shrubs and trees planted around the foundation of your home with a critical eye. Ask yourself these few simple questions:

DOES THIS SHRUB or tree serve any useful purpose Does it fit the location? Does it have form so that by judicious pruning it could be developed into a garden asset?

After looking over the planting and asking these questions of yourself, you may decide that your experience is not great enough to make correct decisions. In that case, call in your nurseryman to help you.

He will be glad to tell you which plants are worth saving and to suggest suitable replacements for those that are not. He will also explain why certain plants should be removed and others should be saved.

IF, ON THE OTHER HAND, you feel that you would like to make the decisions yourself, go ahead, without fear of making mistakes. For if you follow the three basic questions suggested for analysis of the job to be done, you can't go far wrong.

Moreover, when a garden becomes overgrown, practically anything you do to bring it back in shape will be an improvement over the existing condition.

Class Planned For Gray Lady Indoctrination

Mrs. Arthur Hammonds, Gray Lady Chairman for the local chapter of the American Red Cross, is inviting all women of the Mt. Diablo Chapter to attend an indoctrination class which she is supervising Monday at 7:30 p.m., at the Chapter House on Ygnacio Valley Road in Walnut Creek.

Background in Red Cross, activities of the local chapter, and how the volunteer can serve will be illustrated in panel discussions.

Gray Ladies are always in demand to serve in our local hospitals. However, many women may not be able to volunteer in this capacity and Mrs. Hammonds urges everyone to join this group and decide what other branch of Red Cross would be attractive to the individual and best suits her talents.

SEEMS AS HOW all the Dons and Donnas are back in the swing of things once again and school is going on just as though we never had a vacation.

Our first big dance of the year, the "Pom Pom Prom" was attended by over 559 students. Need we say it was a huge success?

SENIOR SNAPS

Last couple of weeks have been busy ones for seniors who have been hearing "Watch the birdie — look pleasant — or 'say cheese'" as that terrific photographer Ted Gurney tries to make us look our best for those all important senior pictures.

And speaking of those mighty 12th graders, October 13 will be the date of their annual assembly. A sign-up sheet has been posted in senior problems class and some of the entertainment looks the most, to say the least.

SPLASHING SUCCESS

A group of girls gave an Aquacade at the Orinda Country Club for their outdoor dinner and dance party that was a big success in the not-too-distant past. Participants were: Penny Marsh, Mary Dean, Sally Johnson, Hope Davidson, Nancy St. Clair, Pat Bacon, Ann Sparling, Joyce Lueck, Peggy Gompertz and Jody Gompertz.

To continue on with the social life of our fair school, we note that Diane Kercheval gave a surprise party for Wally Adams. Those attending were Roger Dexter and Karen Andree, Nils Jensen and Pat Dougherty, and Jon Palmer and Margo Van Orgtade.

Also the rally committee held its first meeting and dinner at Jane Seulberger's home. The committee has really been slaving these days, and we look for great accomplishments from them this year.

Office Opened For Donald Doyle

Central Contra Costa County headquarters for Donald D. Doyle, incumbent seeking reelection to the Legislature from the 10th Assembly District, have been established at 3511 Mt. Diablo Boulevard, Lafayette.

Area chairmen throughout the 10th District are requested to visit or phone headquarters for information concerning the campaign. Phone number is Atlantic 4-4336.

In announcing the kickoff drive to keep Doyle in the Assembly, Jack Pedder, Lafayette businessman and general area chairman, said, "Few men in the Legislature have accomplished so many things for their district and state as Don Doyle."

"We intend to reelect Doyle by emphasizing his outstanding record and activities in the Legislature for the people of this area," Pedder stated.

Headquarters will be open weekdays from 9:15 a.m. until 4:30 p.m.

It costs you at least $2.50 extra when you go through the tunnel to shop. Save at home!

UWF Group Discusses UN Charter Review

Members of the Acalanes Chapter of the United World Federalists met last week for a planning meeting and pot luck supper at the home of Mr. and Mrs. Frank Smith of 3920 Mt. Diablo Boulevard, Lafayette.

Mrs. Paul Couture of Modesto, state program chairman, and Mrs. Ray Blackmer, also of Modesto and formerly of Lafayette, northern area education chairman, outlined the national program of the organization for the coming year.

They pointed out that this well be an active year for the organization in working toward a review of the United Nations Charter, scheduled for 1955.

Mrs. Paul Ammen, local chapter chairman, announced the following appointments: Mrs. R. T. Hughes, education chairman; Mrs. Ray Devin, organization liaison; Mrs. Charles Hanks, public affairs chairman; Paul Ammen, fiance chairman, and Mrs. Harold Powell, publicity chairman.

A SCHEDULE was set up for two identical series of three weekly discussion meetings each on the subject of United Nations Charter review.

The first meeting was held Wednesday at the Ray Taber residence at 216 Crest View Drive, Orinda, where the other two sessions of this series will be held, next Wednesday and October 13.

The second series started last night at the home of Mr. and Mrs. Richard Fayram, 81 Sleepy Hollow Lane, Orinda. Other gatherings in this series, all to be at the Fayram home, will be held Thursday and October 14.

DISCUSSION LEADERS are Mrs. Richard Fayram and Mrs. Charles Hanks.

Other events scheduled include chapter cooperation and assistance at a 2-day seminar October 23 and 24 with a citizens committee for United Nations charter review to be held at San Francisco State College; plans for participation in United Nations Week, October 18-24; a post-game cocktail party November 13 and sponsorship of a lecture by William Winter, TV commentator.

EBMUD Tells Big Water Use Gain

Water consumption in the Lafayette-Orinda-Walnut Creek area has increased 563 per cent since 1946, according to information received from Thomas S. Neilson, East Bay Municipal Utility District director.

In the EBMUD service area "east of the hills," metered water consumption has risen from a daily average of 800,000 gallons to four and one-half million gallons. This is more than five and one-half times the amount of water used in 1946, and is the greatest percentage increase in the use of water by any area in the territory served by the EBMUD.

Many State Fair Awards Won by Orchard Nursery

Seven blue ribbons for first places, 13 red ribbons for second places and 12 white ribbons for third places were won by Orchard Nursery at the recent California State Fair in Sacramento.

In addition to these 32 ribbons, the nursery, as the exhibitor of the Contra Costa County horticultural display, won the third place sweepstakes award in competition among counties.

THE SEVEN BLUE ribbons were: Two for African violets; one each for tropical display for flowers imported from outside the United States and for cyclamen, primroses, roses and ferns.

The tropical display award was for flowers flown in from the Hawaiian Islands.

R. E. HARTER of Happy Valley, Lafayette, won second place with his dahlias, which were part of the Contra Costa County exhibit.

Record Crowds Attend Sixth Art and Garden Show

Record-breaking crowds came to view the Sixth Annual Art and Garden Show last week at special outdoor quarters designed for it at 3420 Mt. Diablo Boulevard in Lafayette. The show closed last Friday night.

Leading artists of the West had on exhibit landscape design, paintings and drawings, sculpture, handweaving, ceramics, fine printing, silk-screen and jewelry at the unique show.

AN ATTRACTION THAT DREW many was the garden alcoves arranged by six prominent landscape architects of the Bay Area, working with local nurseries and utilizing the charm of water in California gardens. Sculpture, in fountains and purely decorative art, were in the landscape sections.

THE SIXTH ANNUAL SHOW was sponsored by Outdoor Art Shows, non-profit educational organization devoted to furthering art and artists' wares in the Diablo Valley. The organization also operates the Artists Market which is now open daily from 11 a.m. until 3 p.m. Tuesdays through Saturdays at 3420 Mt. Diablo Boulevard.

The show was designed by Blair Werness of Lafayette, with Mrs. Dorothy Holmes, also of Lafayette, as exhibition secretary. Mrs. R. G. Falk of Lafayette was chairman of school tours; Mrs. Arthur Wagstaff of Walnut Creek was chairman of hostesses.

Painting chairman of the show was Michael Czaja of Walnut Creek; sculpture chairman, Mrs. Robert Kilpatrick of Orinda; ceramics chairman, James Dimmick of Lafayette; weaving chairman, Mrs. Fred H. Tarp of Orinda, and jewelry chairmen, Mr. and Mrs. William Wilkinson of Lafayette.

Hanging, Charles Gebhardt of Walnut Creek; posters, Mrs. Glen Max of Lafayette; electric, Jim Hull of Lafayette; supplies, Mrs. John Ellis of Lafayette; entertainment, Mrs. Philip Merrill of Walnut Creek; landscaping, Geraldine Kinght Scott of Berkeley and catalog, Mrs. Rawlings Simon of Lafayette.

REPRESENTATIVE FOR the Artists Market was its chairman Mrs. Frederick Confer of Martinez; door schedule was handled by Mrs. James McGeehon Jr. of Walnut Creek; printing chairman was Ted Freedman of Orinda and publicity chairman, Mrs. J. Gordon Ainsworth of Orinda.

Folk Dancers' 'Fall Kickoff' Is Gay Affair

Monthly party of the Acalanes Folk Dancers was held on September 11 at the Danville Veterans Memorial Hall.

"Fall Kick Off," a football theme chosen by the committee in charge was an inspiration for club members and their guests to put their all into the fine program of folk and square dancing.

PENNANTS representing many colleges decorated the walls. For the evening the dining room was given the name of Halls of Ivy. Tables were strewn with ivy and bright colored zinnias. Tiny pennants completed the table decorations.

George and Karen Carlisle, new club members of Pleasant Hill, were introduced.

SQUARES WERE CALLED by Perry Brandes, Pleasant Hill, and Ted Darger and Taylor Holt of Martinez.

Committee for the party was made up of Elwood and Irene McNichols, Walnut Creek, and George and Helen Maxon and Ted and Maybelle Hart, both of Lafayette.

Announcements of the club's birthday party were passed out, the party to be held in November. A Night in the Court of Kublai Khan will be the theme.

Don Babes Beat Knight JV, 24-12

In a game far closer than the final score of 24-12 indicated, the Acalanes Babes defeated the Las Lomas junior varsity on September 23 at Acalanes Memorial Field.

The Don Babes came out strong in the first half as they racked up three touchdowns, holding Las Lomas scoreless, and left the field at the halfway mark out in front 18-0.

In the second half it was a different story as the Las Lomas lads were superior except for the final minute of the fourth quarter.

THE KNIGHTS tallied two touchdowns, making it 18-12, and were deep in the Dons' territory when they made a bad decision.

The Dons were offside and had stopped the Knights with a one-yard gain. The Knight captain declined the 5-yard penalty and took the play.

On fourth down the Knights lost the ball short a foot of first down, and with it went chances for a tie or a win.

On the second play after the Dons took over, Halfback Larry Pilcher took the ball on a reverse and went 65 yards, ending up in the goal zone all by himself.

THAT MADE IT 24-12, and that's the way it ended when the final gun went off seconds later.

On all six conversion tries, neither club was successful.

Dennis Busby scored for the Dons on a 7-yard dash in the first quarter and Gene Bell went 30 yards later in the first period, to make it 12-0.

THE THIRD T.D. came when Bell crashed over tackle from the 3, and it was 18-0.

In the third quarter Las Lomas tallied when Pete Ostrom got off a 35-yard gallop to set up a T.D.

Brad Gaston scored from 3 yards out on a sweep from right half.

EARLY IN THE fourth period, the Knights blocked a Don punt, took over on the 10 and hit pay dirt, making it 18-12.

The Knights came back to hold the Dons, took over the ball and drove to the Dons' 25, only to lose it on fourth down when they were short by a foot.

It was then that Pilcher made his run, and that ended the day's scoring with the Don Babes out in front 24-12.

Obedience Dog Training Slated

A new class in novice obedience dog training will begin October 13 in the Walnut Creek Recreation Center, President Carl Hatfield of the Mt. Diablo Dog Training Club announced yesterday.

The training course, designed to instruct owners as well as dogs, is co-sponsored by the Walnut Creek Recreation District.

Lambs Defeat Indians, 13-6

The Pleasant Hill junior varsity copped its second win of the season when it stopped the John Swett Indians 13-6 September 23. The week before that they dropped Alhambra 31-6.

The game, played on the Crockett turf, found Halfback Bobby Muller going 50 yards to a touchdown for the Lambs' the first play of the game.

Muller added the conversion point on the same play, and it was 7-0.

Swett came back and scored on a pass from 12 yards out, and it was 7-6.

The Lambs came back in the second quarter to end a 45-yard march with Fullback Doug Leonard scoring from the 10.

The conversion try missed, and that ended the day's scoring.

Wins Golf Meet

Mrs. Phil McVickers of Walnut Creek was declared the winner of the annual handicap tournament of the women's group of the Contra Costa Golf Club recently, winning the low net and championship flights.

Mrs. George Nash of Oakland was runner-up for the top position.

In the first flight, Mrs. Jack Mani of Walnut Creek walked away with top honors, while Mrs. Arthur Gillham of Lafayette was the runner-up.

Knights Lose to Brentwood, 25-18

The Las Lomas Knights lost, 25-18, to the Liberty High eleven under the Brentwood lights last Friday night.

Starting fast when their ace halfback, Rick Ostrom, took the pigskin on the opening play from scrimmage for the Knights, tucked it under his arm and ran 45 yards around right end to score and pus Las Lomas out in front 6-0. The conversion try missed.

The Liberty Lions came back on their own to score on a 43-yard march, with halfback Al Silveira going over from seven yards out.

THE LIONS TOOK the lead when their ace quarterback, Bob Beville, heaved a 26 yard pass, to bring the ball to the Las Lomas 15, and then fired a touchdown pass, putting Liberty ahead 12-6.

The conversion was good, and Liberty was out in front, 13-6.

Liberty came back to score again on Beville's passing. Beville connected on seven out of 12 aerials, while Las Lomas hit pay dirt with Ostrom doing the running, and it was 19-12.

THE LIBERTY gang scored another T.D. when halfback Herman Urenda ran the ball over, Urenda had caught an earlier pass for a touchdown from Beville's accurate arm.

Halfback Steve Cook tallied for Las Lomas when he scored on a running play, and the games ended up with Liberty out in front, 25-18.

THE KNIGHTS were far from sharp and were not at their best, particularly on defensive play, with Liberty's aerial attack accounting for the difference.

Ostrom was a standout with his fine running for the Walnut Creek eleven.

Lady Golfers Hold Outing

Ladies who attended the Contra Costa Golf Club's women's group guest day last week saw Mrs. Hugo Ferrarese of Lafayette win the contest with 25 putts. Low gross winner for the day was Mrs. Phil McVicar of Walnut Creek with a 84.

In the first flight, Mrs. Paul Oliver, with a 92-16-76 score, came in first, while Mrs. George H. Nash of Oakland and Mrs. George B. Arentz of Concord tied for second place with respective scores of 86-8-78 and 92-14-78.

Mrs. Ferrarese won the second flight with a 95-21-74 score, while Mrs. George T. Thomson of Walnut Creek recorded points of 98-21-77.

Topping the third flight was Mrs. William L. Fry of Lafayette, 101-24-77, and Mrs. Roy Rogers of Walnut Creek marked 108-30-78 in her score book.

Ostrom 'Player of Week'

Las Lomas High Left Halfback Receives Award

Rick Ostrom, 150-pound halfback for the Las Lomas Knights, was this week chosen "Player of the Week" in Central Contra Costa County.

"A wonderful boy to coach" who is "running harder this year than he ever ran before," Rick is the son of Mr. and Mrs. Rennolds Ostrom who live at 31 Anderson Circle.

Those descriptive phrases are in the words of Coach George "Deke" De Klotz, Knight mentor who nominated Rick for the "Player of the Week" honor.

DE KLOTZ GOES ON to explain why he wished to nominate the left half who is the leading ground-gainer on the team.

"In the first place, he takes coaching very well . . . he has no bad habits of any kind," De Klotz says.

In the second place, the coach talked about Rick's running game, adding, "He plays an outstanding defensive game, too. He always makes more than his share of tackles."

Last Friday night, in the Knights' second game of the season against Liberty High School of Brentwood, Rick took the ball on the opening play from scrimmage and went all the way, 65 yards, for a touchdown.

Las Lomas didn't win the game; the final score was 25 for Liberty and 18 for the Knights.

Thus, for the second week in a row, the "Player of the Week" received the honor, despite the fact that his team did not win the game after wich he was chosen.

PLAY HEADS-UP, all-out football like Rick Ostrom does and your performance will be worthy of honor and respect, whether your team wins the game or not.

A senior this year, Rick is 5 feet 8½ inches tall, is 17 years old and has lived in Walnut Creek for about four years, having moved here with his family from Pasadena where he went through the lower grades of school.

He was born in Illinois, but moved to California just before he started school.

When he leaves high school next June, he may go East to college. Rick says its a question right now. "Maybe Yale or Harvard . . . maybe Cal or Stanford," is the way he puts it.

AND ABOUT COLLEGE football? "Yes, I'd like to go out. I expect to get bigger . . . hope so . . . I haven't grown much in school," Rick explains.

He admits that he's thinking more about the scholastic side of the picture when he talks about going to Yale or Harvard, however, and adds, "I think I'll major in business administration . . . not sure yet about a field of work."

It's not surprising Rick thinks about the scholastic side of schooling, when you know that he is an A-student and a member of the Las Lomas Honor Society.

Elsewhere on the campus, he's busy the year around with athletic activities, being a mainstay of both the track and basketball squads, as well as football.

In 1952 Rick took first place in the 440 yard dash at the county-wide meet. He also runs the 100 and enters the broad jump event. On the basketball team, he plays forward.

When athletics are over, there isn't much time left, but as a sophomore Rick found time to be president of the Student Body, and this year he is president of the Council of Lettermen, Diablo Valley League.

And then, those top grades of his mean studying.

ON THE SOCIAL SIDE, Rick admits to getting around to most of the dances and parties. With him goes his girl, Judy Larsen, a sophomore at Las Lomas.

"The main problem we've got this year is depth . . . there's only about 20 guys out," Rick says when you ask about the prospects for Las Lomas in the season ahead.

"We've been kind of up and down . . . but we'll be okay," he adds, going on to express the opinion that varsity play is quite a bit different than junior varsity.

"It's a different class . . . you can sure tell that," Rick says, "when you get hit, you get hit."

LAS LOMAS, like Pleasant Hill, is playing in varsity competition this year for the first time, having only had a team for two years.

Last year, Rick was an outstanding halfback for the Rams, and the team's leading ground gainer, while the team ran up a record of six wins, one loss and one tie.

He's the kind of football player that high school coaches wish they could find by the dozens. In Rick's case, there may be some more like him in the not too distant future, because he has three younger brothers—Pete, 14, John, 11, and Chris, 8.

But Coach George De Klotz, according to the comments he made this writer, is happy to settle for a "Player of the Week" like Rick Ostrom.

'Player' Awards To Be Made Each Week of Season

This week the second "Player of the Week" was chosen from among the high school football teams in Central Contra Costa.

In each succeeding week of the football season, another "Player of the Week" will be chosen by The SUN and Grodins of California.

Each prep gridiron start to receive the honor will be the subject of a special feature story in The SUN and will also be awarded a gold football pin by The SUN and Grodins.

The selection is made because we feel that top flight high school football players often display the kind of sportsmanship, talent and spirit that typifies the best in athletics and should receive recognition when they do.

"Players of the Week" are chosen from among nominations made by the coaches at the participating schools — Acalanes, Las Lomas, Pleasant Hill, San Ramon and Mt. Diablo.

Watch for the "Player of the Week" who will be named October 8.

Dons' Trip to Tracy Results In 6-6 Tie

The Acalanes Dons traveled to Tracy last Friday and when the smoke of battle had cleared the scoreboard showed the count knotted at 6-all.

The Acalanes eleven played a vastly improved style of ball, particularly with their defensive play sparked by line backers Andy Fadelli and Eric McKinley, who were brilliant on occasion with their hard tackling.

Offensively the Dons were not all they should be, particularly in the first half, when the Blue and White machine fumed and sputtered, largely due to several costly fumbles.

AS A MATTER of record, the Dons dropped the pigskin on seven occasions, with the Tracy Bulldogs grabbing it up on five occasions.

Two of the fumbles were on punts which kept the Dons deep in their own territory most of the first half.

In the second half it was the Dons who scored first when, starting from their own 39, they moved to Tracy's 6 in seven plays and Fullback Dennis Busby crashed up the middle to score standing up.

On the conversion try, the ball was fumbled.

TRACY CAME BACK when they took the ensuing kickoff back to their 28-yard line and proceeded to march down the field on successive plays to finally climax the march with an end run from 12 yards out by Fullback Ed Briggs, who went into the end zone untouched, making it 6-6.

It was unchanged when an attempted conversion kick went wide of the uprights.

The clock showed 7:50 in the final quarter at this point and the Dons dominated the play the rest of the way as they drove deep in Tracy's territory but failed to score when they ended up with the ball on Tracy's 9-yard line as the final gun sounded.

Acalanes made nine first downs to Tracy's five. Quarterback Red Jones looked good after a case of first half jitters, while in the backfield Dale Marcellini at fullback came through with some good running and excellent blocking.

Acalanes Plays at Martinez Tonight

The Acalanes Dons travel to Martinez tonight, to meet up with a top-rated Bulldog eleven under the lights of Alhambra Field at 8 p.m.

The Dons, trounced by Piedmont 33-6 in their opener, came back a long way, particularly in defensive play, when they tied Tracy last week, 6-6.

The defense as well as offense will receive the acid test tonight, as the Bulldogs are rated at their best in 10 years.

Composed primarily of seniors, the Alhambra club possesses speed, size and good passers in quarterback Rose and halfback Charlie Tourville.

THE ALHAMBRA team operates from an unbalanced T and a single wing which has brought them impressive wins in the two times they have gone to the post.

In the opener they stopped Pleasant Hill 31-0, and then stopped Petaluma 21-6.

THE DON CLUB, inexperienced in varsity play, looms as a team that should come stronger as the season progresses.

In Eric McKinley and Andy Fadelli the Dons possess two of the better linebackers in the Bay Area.

THE DON BACKFIELD, while not on the large size, possesses good depth, and this factor may play an important part in a close game where "shock troops" are important.

Dale Marcellini has moved up to first string fullback off his play in the Tracy game, and he will be teamed with Butch DeVillers and Mike Barrett at the halves, with "Red" Jones in the Q.B. spot.

Alhambra's last win over the Dons was in 1946, and, while they are overdue, it is not at all a certainty they can turn the trick, particularly if the Dons can stop the potent aerial arm of the Bulldogs.

Rams Oppose Lions Tonight

The Pleasant Hill Rams, still seeking a win, travel to Brentwood tonight to meet up with the Liberty Lions of Coach Lou Bronzan.

The Lions, fresh from a 25-18 win over Las Lomas, promise to give the Rams trouble, particularly with their aerial attack.

The Rams dropped their season's opener to the high-powered Alhambra Bulldogs 31-0, and last week were trimmed by the Encinal Jets of Alameda, 13-7.

THE MAIN DIFFICULTY has been the lack of a consistent offense and too many tactical defensive errors.

Coach Hal Briggs of the Rams has been working his charges overtime this past week and has placed stress on getting offensive backs to do a bit of running to help out Jim McMillan, who has been the only consistent gainer to date.

Pleasant Hill and Las Lomas open against each other when league play starts next Friday.

Tonight Knights Meet Undefeated Albany Cougars

The Las Lomas Knights hit the comeback trail tonight at Acalanes Memorial Field when they tackle a rough and ready Albany eleven that has registered two wins in two outings to date.

The Knights won their opener, 6-0 over the John Swett Indians but had troubles last Friday when they went down before the passing attack of the Brentwood Lions, 25-18.

THE ALBANY club, coached by Craig Ortlieb, uses a split T in conjunction with a short punt formation used primarily for passing.

Ace of the Albany Cougar backfield is "Bull" McKinney, who operates at the left half slot.

Strength of the Cougars to date has been their ability to maintain ball control with their effective short gain plays, which are the strength of the split T.

THE KNIGHTS PLAN to counter with some defensive measures as well as with the offensive plays effectively run by Rambling Rick Ostrom and Bob Kinyon.

Prep Grid League Play Starts Next Friday Evening

Practice games will be behind clubs next week and teams will gear themselves for the ones that count when they get into league play, which gets under way next Friday night.

Pittsburg and Diablo rate the favorites' role but chances are that upsets will decide the issue.

Next week it's Las Lomas and Pleasant Hill at Concord, Acalanes and Diablo at Acalanes, while Pittsburg and Antioch tangle at Antioch.

Encinal Defeats Pleasant Hill By 13-7 Score

The charges of Coach Hal Briggs out Pleasant Hill way had their troubles last Friday night at Concord but displayed a much-improved brand of ball despite a 13-7 loss to the Encinal Jets of Alameda.

The Pleasant Hill Rams got themselves in the hole early in the game when the Jets scored twice in the opening quarter.

The initial score came about when Encinal Guard Gus Wilson grabbed the ball from the arms of the Rams' Jim McMillan and rambled 38 yards to the final chalked stripe.

It was 7-0 when Quarterback Doug Sinclair passed to End Paul Bolman for the extra point.

THE RAMS got nowhere after taking the kickoff, and the Jets got back in the scoring act with Halfback Ken Eagleton going off tackle for 30 yards to tally T. D. No. 2, and it was 13-0 when the conversion misfired.

In the third quarter the Rams went 65 yards on a drive to Encinal's 15 and from there Fullback McMillan toted the ball off tackle for the distance. Ed Cereida added the conversion point when he split the upright with a place kick.

THAT ENDED the scoring.

The Rams' offensive play failed to click with any consistency, but defensively they proved to be much improved over their opener with Alhambra.

UN Week Backed By County Mayors

At a meeting held recently in Pittsburg, following a brief appeal by Harvey Lyon, co-chairman for United Nation's Week in Contra Costa and Alameda Counties, Mayor Edward Valentino of El Cerrito asked for a resolution for county-wide observance of UN Week, calling upon the mayors for leadership in this celebration of the ninth birthday of the UN.

Mayor Jack O. Fries of Martinez, proposed such a resolution, which was seconded by Mayor Edward C. (Ted) Counter of Walnut Creek, and unanimously adopted by the following mayors: Ruben R. Reimche, Antioch; J. Wesley Curtis, Brentwood; J. L. Alymer Hussey, Concord; Edward Valentino, El Cerrito; James O. Lowe, Hercules; Jack O. Fries, Martinez; Guy Savage, Pinole; Vincent A. Davi, Pittsburg; John J. Sherridan, Richmond; John M. Snider, San Pablo; Counter, Walnut Creek.

At the same meeting, Mrs. Harvey Lyon, co-chairman with her husband, explained the "trick or treat" plan for the children's part in helping UNICEF during Hallowe'en.

Mrs. Paul Gaboury, president of the Mt. Diablo Council for the United Nations, invited all communities to celebrate the birthday of UN at a dinner to be held at the Rancho Grande Inn, Lafayette, October 16 at 6:30 p.m., where Fleet Admiral and Mrs. Chester Nimitz will be guests of honor and the admiral will be the principal speaker.

Tickets will be available at the various chambers of commerce throughout the county.

Christian Science

The infinite allness of God, good, and the consequent unreality of sickness and discord will be stressed at services Sunday in Churches of Christ, Scientist, 1347 Locust Street, Walnut Creek, and 42 Orinda Highway, Orinda.

Readings from the King James version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy comprise the Lesson-Sermon entitled "Unreality."

That real dominion and power are derived from God is brought out in the Scriptural passages to be read, including the following statement by Paul (II Timothy 1:7): "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

From "Science and Health" the following selections will be among those read (414:21-23): "The Scriptures declares, 'The Lord He is God (good); there is none else beside Him.' Even so, harmony is universal, and discord is unreal."

The Golden Text is from Matthew (7:18, 19): "A good tree cannot bring forth evil fruit, neither can corrupt tree bring forth good fruit. Every tree that bringeth not forth good fruit is hewn down, and cast into the fire."

Unified Transit

Senator Gerald O'Gara is in favor of a unified rapid transit program covering both sides of the bay, Aubrey Macomber of Martinez recently told Directors of the Contra Costa Development Association.

The Martinez man, chairman of the association's rapid transit committee, was reporting on a meeting of a Senate Interim Committee on Transportation.

EBMUD Scores Safety Record

An all-time record of one million man hours without a lost-time accident has just been completed by the 1200 employees of the East Bay Municipal Utility District.

This announcement was made by Louis J. Breuner, president of the East Bay Municipal Utility District Board of Directors. Judge William J. McGuiness, president of the East Bay Chapter National Safety Council congratulated the district on the record.

In commenting on the new record, Breuner stated, "The benefits of such a fine performance on the part of our employees are numerous. The taxpayers save between $35,000 and $40,000 in insurance costs annually because of the fine record.

"In addition to the savings in dollars and cents, our entire personnel has been able to work full time without injury by accidents. Families of our employees can be just as proud of this excellent record as we are."

A Record to be Ashamed Of!

Millions of people in other parts of the world ache for free elections and the right to pick their own governors. But in Contra Costa County last week, thousands of us who have had that right for many decades turned our backs and didn't bother to cast a ballot in the latest local election.

Just 27,935 people failed to vote for new directors of the Central Contra Costa Sanitary District . . . 27,935 people, or 95.8 per cent of the 29,149 registered voters living in the district.

We demonstrated, with striking clarity, how completely we can take for granted a right which, in another part of the world, is an almost impossible dream.

In the district as a whole only 4.2 per cent of all registered voters cast a ballot. Precinct by precinct, the voting record was as follows:

Precinct 1, Concord—2,751 registered; 195 votes.

Precinct 2, Concord—3,345 registered; 206 votes.

Precinct 3, Pleasant Hill—3,554 registered; 171 votes.

Precinct 4, Walnut Creek—3,748 registered; 80 votes.

Precinct 5, Walnut Creek—3,529 registered; 94 votes.

Precinct 6, Acalanes High—2,036 registered; 44 votes.

Precinct 7, Lafayette—3,339 registered; 156 votes.

Precinct 8, Lafayette—1,651 registered; 52 votes.

Precinct 9, Orinda—2,442 registered; 104 votes.

Precinct 10, Orinda—2,754 registered; 115 votes.

Precinct by precinct, the highest vote was a mere 7 per cent (Precinct 1) and the lowest was a dismaying 2 per cent (Precincts 4 and 6).

Certainly the election produced no "mandate of the voters;" certainly the winners can't feel that they were "the popular choice."

Some have suggested that the defeat of two incumbents indicates a clear desire for a change, on the part of the sanitary district electorate, but the conclusion is ridiculous. At the most, the election only indicates that a small handful of people who did bother to vote wanted a change.

And the significance of this fact is not that the handful wanted a change, but that the handful controlled the election.

We are not arguing whether or not the handful was right in indicating a desire for a change in administration of the sanitary district. We are stating emphatically that a handful of citizens should not be controlling elections, the outcome of which will affect 27,935 others who could have taken part.

The fault lies not with the handful, but with the 27,935.

Just 1217 citizens voted. Just 609 of those citizens, had they wished, could have elected absolutely anyone to the board of the Central Sanitary District which annually spends some $281,000 of our taxes and is empowered to raise hundreds of thousands of dollars by other means.

Those of us who didn't vote can only be thankful that the 1217 who did were citizens with an honest desire to improve our sanitary district. We must be ashamed of our own negligence.

Republicans Will Go Door to Door

All registered Republicans in Walnut Creek and Orinda will be solicited for campaign contributions from 9 a.m. until noon tomorrow, according to an announcement by Chairman Bruce Howard of Orinda and Joan Howard, co-chairman in Walnut Creek.

"Purpose of this drive (is) to give the opportunity of supporting . . . campaigns to all registered Republicans who might be able to give little but who collectively could accomplish much toward supporting their candidates," according to spokesmen.

At a recent organizational meeting, it was emphasized that all funds expended by candidates in this county come from sources entirely in this county.

Speaking at the meeting, Congressional candidate John Baldwin expressed his gratitude to those giving effort and enthusiasm to his campaign and the campaigns of other local Republican candidates.

Also attending the meeting were Gordon Fisk, co-chairman for the Walnut Creek area, Mr. and Mrs. Matt Connelly, Mrs. Frank Young, Mrs. Paul Jacobus, Mrs. Dean Jones, Mrs. Ethel Mitchel, and Mrs. F. R. Powers of Walnut Creek and Mrs. Mildred Pridemore and Mrs Thelma Sweet of Orinda.

Democrat Dinner To Honor Roybal

Edward Roybal, Los Angeles City Councilman and Democratic candidate for state lieutenant governor, will speak tonight at a Democratic Dinner at the Rancho Grande Restaurant in Lafayette.

Other speakers will include Congressman Robert L. Condon, Edward Munns, candidate for the assembly from the 10th District, and Assemblyman S. C. Masterson of the 11th District.

Tickets will be $6 each.

The Central Contra Costa Democrats sponsored a series of coffee parties September 23, during which Condon and Munns appeared at the following homes:

In Lafayette: Mrs. Alan Gittelsohn, Mrs. William Borowiak; in Walnut Creek: Mrs. J. S. Leeman, Mrs. William Dennis, Mrs. Kenneth Cameron, William Milliff, David Comstock and Tom Kendall.

In charge of children were Mesdames R. F. Suczek, Joseph Corse, R. A. Feichtmeir and Harvey Powellson.

Brown Continues Heavy Schedule

Supporters of Harry A. Brown for sheriff will have heard him speak before almost every organization in the county by November 2, Brown headquarters reported this week.

This week his schedule started with an address before the American Legion at Walnut Creek. Tuesday, he was guest speaker at the Lions Club at El Sobrante.

Wednesday he met with a large gathering of Walnut Creek supporters in the home of Alvin Burton. Saturday he spoke at the East Richmond Heights Improvement Club, also attended a party of his supporters in a home on Rolling Wood Drive and was a guest at the Restival at San Pablo.

Sunday he spoke in North Richmond and attended a barbecue in San Pablo, also addressed two meetings in Crockett.

Condon Names County Chairman

Congressman Robert L. Condon (Democrat-6th District) today announced the appointment of John T. Knox, Richmond attorney, as manager of his campaign in Contra Costa County.

Knox, a resident of Point Richmond, is a graduate of Occidental College and Hastings College of Law. In 1952, he served as a California representative of the Volunteers for Stevenson and is now president of the Richmond Democratic League. During the war he served as a sergeant in the Air Transport Command.

Chairman Named By John Baldwin

William F. Anderson, 2051 Mt. Diablo Boulevard, today accepted the Republican chairmanship of the John Baldwin for Congress Committee in Contra Costa County's 10th District.

Anderson formerly served as Republican chairman of the Baldwin for Congress committee in Walnut Creek. A veteran of four years of World War II service in the Army, Anderson is president of the Walnut Creek Kiwanis Club and past president of the Contra Costa Real Estate Association.

'Ike' Breakfast

Along with John Baldwin, Republican candidate for Congress from the Sixth Congressional District, several persons from this area were among the 350 who breakfasted with President Eisenhower at the Statler Hotel in Los Angeles last Friday.

They included Harmon Howard of Walnut Creek, chairman of the Contra Costa County Republican Central Committee; Charles P. Howard of Walnut Creek; Mrs. Sumner H. McAllister of Lafayette, regional vice-president of the Federation of Republican Women's Clubs and an active member of the Lafayette Republican Women's Club; Mrs. Robert Galbraith of the Orinda Republican Women's Club and Joseph Creighton of Orinda, state president of the Young Republicans.

Under The Sun

By Herman Silverman

Let's look at the record

A friend called the other day and asked, "Why are you supporting Harry Brown for sheriff?"

I started to give him many reasons that have previously been printed in this column. And then, I thought a second and said something like this:

Let me cite just one example that shows the kind of guy Harry Brown is. As you know, after the primary election candidates were required to file, with the county clerk, a statement listing their fund sources and campaign expenditures. It is a weak law with lots of loopholes but often you can judge a candidate by his statement.

Okay, let's look at the statements filed by Brown and his opponent, Dick Richardson, as reported in the Contra Costa Gazette.

Brown's statement listed total expenditures as $3,361.58—and $1,944.90 was Brown's own money, part of which came from a mortgage placed on some of their property.

Twenty-four indiciduals contributed $1,416.68; their NAMES and AMOUNTS were carefuly itemized.

Now let's look at Dick Richardson's statement. He listed expenditures of $4,785—$600 of which he contributed himself.

Richardson's statement declares that most of the contributions (presumably $4,185) were to the "Richardson for Sheriff" fund from PERSONS and AMOUNTS UNKNOWN!

Need more be said?

Yes, that's what I told my friend. I didn't elaborate. It wasn't necessary. Yes, Harry and Dolly Brown are that kind of people. Perhaps you can call them naive, but I think they are honest, sincere and straightforward people—the kind we'd want in the sheriff's office. I include Dolly in the package because she is a wonderful woman, a clear thinker, a hard worker, a real partner—and a mother of seven swell kids.

Incidentally, I've had several calls asking where campaign contributions can be sent. Make out your checks to the "Brown for Sheriff Campaign Fund" and send them to Harry Brown, Alamo, California. He needs funds desperately to buy bumper strips, pamphlets, signs, etc. To run a good campaign, he needs at least $10,000—but he'd be very happy to have the promise of $2,000 right now.

The spotlight on EBMUD

If you think the sheriff's and congressional races are hot, keep your eyes on the election of two directors to the East Bay Municipal Utility District. This one has all the makings of being most interesting, as the incumbents, Louis Breuner and Tom Neilson, are being challenged by Keith Chase-Dunn and George Rice of Berkeley and Oakland.

Apparently there are as many more people on the other side of the Tunnel perturbed at EBMUD as there are in this area. Rice and Chase-Dunn list three main issues:

1. The zoning habits of the EBMUD and its policy in disposing of surplus land. 2. EBMUD's "archaic" policies in regards to furnishing adequate water supply to encourage industry. 3. The water rate structure.

Then, of course, there is the board's stubborn policy about even considering fluoridation.

And lately several people, who have not been involved with the EBMUD board, have said it's time for new men on the board. They argue that every vote taken at the board meetings is "always" unanimous—yes or no. They say it's time that board members discuss the issues at their meetings—and not act as if everything has been decided in advance.

You'll vote at the general election in November. Keep an eye on the campaign.

Town Hall—pretty soon

Several weeks ago I wrote that The SUN had decided not to hold another Candidates' Debate night before the general election. Sveral people have called to say that only at such meetings are they able to see the candidates in action and,that no other organization is sponsoring a meeting in this immediate area. (I have learned the League of Women Voters is planning a meeting in Concord.)

Tuesday, fellows from the Mt. Diablo Junior Chamber of Commerce came in and volunteered to work on a candidates' meeting. So—here we go—watch for details.

At last—some one asked why this column wasn't in the paper several weeks ago. The answer, dear reader—we had so darn much news we just had to leave something out.

Letters to the Editor

Dear Editor:

Last year about this time the Mt. Diablo Area Junior Chamber of Commerce proposed to do something new at Christmas and came up with the Christmas Carol Festival. The fact that it became a success was due in no small part to you and to the help of your oustanding newspaper.

We plan to have the same festival again this coming Christmas (with the rough edges knocked off), and no doubt can be sure of your invaluable assistance once more.

I WOULD LIKE to bring to the attention of your readers these facts as well as mention that the Carol Festival is a gathering of choral groups of all sizes and denominations, of civic as well as church groups, and that when they come together under one roof and sing as groups and en masse, the true spirit of Christmas is apparent to all within hearing.

Your readers may be interested to know that the idea we proposed and carried out last year came to the attention of state and national organizaions of the Junior Chamber of Commerce and was so well thought of that last year's scene may be duplicated in many auditoriums throughout the country this coming season.

WE HOPE THAT the idea will multiply and gain prominence in coming years and we like to think that the Jaycee is a young man's ings of the Jaycees.

We would like folks to know that the Jaycees are a young man's organization with no trade or political affiliations, and that we are not a pressure group but that we are sincerely interested in the promotion of more and better ideas which tend to benefit human beings and their relationship to one another.

CHURCH AND CIVIC groups will be asked by us within the next two weeks to participate in the Christmas Carol Festival. We plan a smoother, more comprehensive program this year and wish to thank all who attended last year for their participation.

All suggestions will be gratefully received.

Sincerely yours,
GEORGE J. YORG,
110 Random Way,
Walnut Creek.

Women Establish Speakers Bureau

The local chapter of the League of Women Voters has established a speakers bureau prepared to offer discussion programs on the 20 propositions on the November 2 ballot.

The league is non-partisan and no recommendations will be made on any measure except Proposition 3 which is supported by the California League of Women Voters.

Proposition 3 calls for removal of liquor control from the Board of Equalization and placing that function under a director appointed by the governor.

Any organization desiring a speaker may contact Mrs. Frank Lanning, voter service chairman, at Yellowstone 4-3486.

Air Cruise to Mexico Planned

Many residents of Contra Costa County will be heading south of the border on November 1 through the detailed planning and thoughtful arrangements of the Worden Travel Services in Walnut Creek and Orinda.

The service featured a Honolulu goodwill clipper cruise in May of this year which proved to be so popular among local people, that the Mexico clipper cruise plans were instigated.

Outstanding features of the tour include the use of an exclusive first class pressurized aircraft, use of the beautiful Hotel Del Prado in Mexico City and the Club de Pesco in Acapulco as well as sightseeing in individual cars with bonded English speaking guides.
